Jarrell's Journal

Happy Spring to our Warrior families!

We are officially in the 4th and last quarter of the school year. We will be completing assessments during this quarter, but don't you worry - we have some fun stuff planned as well! Our goal is to work hard, play hard, and finish strong!

I want to thank all our volunteers for your contribution to the success of our school year. This past week, we celebrated our Volunteers of the Year at the District Banquet. Wanda Nelson and Jack Shepard were our representatives. Our PTO president, Ricke Ricciardelli and our Volunteer Coordinator, Megan Bastow joined us to recognize all the many volunteers who support our school. We proudly accepted the 5-STAR school award for community involvement and volunteerism. We could not provide all the educational enhancements for our students without your partnership. We are so grateful.

As you may know, Dr. Joyner will be retiring next year. A Superintendent Search Citizens Advisory Committee will be created to assist in the review of applicants based on the district's qualifications and public feedback. Community members interested in serving on this committee are requested to submit an application. The application must be postmarked or submitted by close of business Monday, April 25 and is available online on the district's website at <http://www.stjohns.k12.fl.us/supt-search/>

If you would like to complete a profile to help us in placing your child for next year, please go to the link below. This will be open until Friday, 5/13.

Skills Your Child Should Know Before Coming To Kindergarten

Children don't need to be able to read by the time they enter kindergarten, instead students should be ready to be taught how to read. Parents should read, sing, and talk with their child daily to prepare them.

Here are some examples of what children should be able to do:

- *Recognize alphabet letters. This means recognizing isolated letters, not just memorizing them in sequence.
- *Know their first and last name. Be able to recognize name in print.
- *Count, typically students should be able to reach at least 20, and they need to understand the concept that each number corresponds to a quantity.
- *Recognize numbers and patterns. This includes being able to distinguish between letters and numbers.
- *Identify shapes and colors. Can sort and classify by shape, size, and color.
- *Share, wait their turn, and communicate with words, not actions when they are upset.
- *Pay attention: students should be able to sit long enough to hear a story and be able to understand and follow two-step and three-step directions.
- *Zip, snap, tie, button, and fasten Velcro. They should be able to tie their own shoes and take care of their bathroom needs independently.
- *Cut and glue independently.
- *They should be practicing their phone number and address.
- *Please see the additional handout with *SOME* of the high frequency words your child will learn in kindergarten.

Below is a sample of **some** high frequency and decodable words your child will be expected to know in Kindergarten. Be proactive! Print these words to practice with your child over the summer. Happy reading! 😊

Schedule of Fees

2016-2017
School Year

Extended Day

In an effort to help clarify our fee schedule; below is a detailed explanation of our payment procedures.

The school calendar year consists of 180 days that the children are in attendance. Each month varies from another in the amount of days attended. Due to the variance, we have broken up the extended day fees into 10 equal payments for your convenience. Each payment covers 18 days of child care.

Florida state law requires that all services must be paid in full prior to services being rendered.

Due to state law and regulation payments are due on the 15th of the month (exp-August before we are in attendance). All payments past due by 5 days will be rendered a \$5.00 late fee and \$5.00 fee per every 5 days late after that. If balance is unpaid by the date in the "Covers Your Childs Care Through:" box below, your child will be unable to attend Extended Day until balance is paid in full.

*Please make all checks payable to WCE.
Please indicate your child's name in the notes.

Technology Bytes- YouTube!

Submitted by Mrs. Battaglini and Ms. D. Smith

Smosh, Good Mythical Morning, PewDiePie, YumSoda, and SkyeDoesMinecraft. If these names make no sense to you, you need to catch up. You can start by asking your kids. They probably know these names. They are YouTube channels that are popular with kids. If you are not already up to speed with YouTube, this post is for you. Even if you think that you have your child's YouTube usage under control you may want to keep reading.

YouTube is a part of our digital reality. New YouTubers are popping up every day. Some are educational, some are fun, and some are very inappropriate for children of all ages!

News of the channels that are popular with kids spreads like wild fire. The problem arises when children hear about a new YouTuber and go "searching" for a new YouTuber or new YouTube channel. The reason that searching on YouTube is so risky is that the exact spelling can be tough to figure out. When you search using a name that is not exact, the search pulls countless results. That is where the danger lies. Most inappropriate sites, YouTube channels, and YouTubers create names that are similar to those that are popular with the intent of getting screen-time in front of your children. The rest is history. You can't "un-see" something!

Would you allow your child to go house-to-house, knocking on doors, ALONE, as a means of finding a friend that they know lives somewhere in the neighborhood without knowing the exact address? Of course you wouldn't. That is the essence of what they are doing when they search YouTube.

There is hope - There is help! Check out the links below, they are packed with guidance and tips to make using YouTube safe and fun:

Warrior Highlights: Super Second Grade

This month the second graders were treated to a storyteller. It's an in-school field trip! It was a short trip, as we only went to the cafeteria! Ms. Kaye Brynes is an amazing story teller who captivated the children with oral stories. She told folk tales and fairy tales and the children were spell-bound.

This year has flown by so quickly that it's already time to do some review work in preparations for our end-of-year Discovery Education assessments that will be held in early May. After those assessments are over we will be having our Second Grade Field Day on Wednesday, May 11.

Coaches Henson and Hartley will need parent volunteers to help make that day run smoothly. The field day will be from about 9:00 to 11:00. The kids have a blast, but the coaches will need help for it to be a success. Please let your child's teacher know if you will be able to help.

Warrior Highlights: Fourth Grade

The 4th grade team is excited to announce a fabulous opportunity for all 4th grade students. We will be performing a musical titled, Peter Pan on May 20th. Every 4th grader will have a role either in the chorus, on stage, or behind the scenes. We know that your children are going to love to be a part of this production. It will be fun but also educational.

We are also looking forward to our upcoming field trips to downtown St. Augustine on April 19th and IMAX theater on May 5th!

We all have some special visitors "metamorphasizing" before our very eyes in our classrooms...Monarch caterpillars! We are studying their life cycle up close and personal!

Warrior Highlights!

Excellent ESE!

As your new speech-language pathologist (SLP), I would like to introduce myself. My name is Briana Groeger. First, I'm very excited to join the Wards Creek elementary family and I look forward to working with you and your child in speech-language therapy. It is my hope that your child has wonderful learning experiences throughout the rest of the year.

As my background is specializing with the pediatric population across multiple settings (i.e., Duval County Schools, outpatient clinics, & home health settings), your child will be participating in some play-based activities in therapy each week that facilitate improved speech sound production, receptive language (comprehension), and/or expressive language skills. As I get to know your children and their goals, many of your children will also participate in classroom-based therapy as research has shown this to be beneficial for your children.

As parental involvement at home is key for your child's speech/language growth, I look forward to meeting and working with you this year as well as the upcoming school year. Once I get a little more familiar with your child's speech/language needs, I will try to send more specific interventions/activities for you to use at home. Again, thank you for your participation in speech-language therapy!

Cool Kindergarten!

Kindergarten had a great day visiting the Rype and Readi Farm in Elkton. We toured their produce stand, fed the farm animals, tasted fruit and learned about hydroponics! We also learned some new vocabulary words—local and edible! It was a great way to end our farm study unit!

A locally grown purple sweet potato!

Fantastic First Grade's Living Zoo

The First Graders will participate in a Living Zoo on Thursday, May 19th 10:45am-11:30am as a conclusion of their animal research projects. The Living Zoo will be open to parents of first graders. We look forward to learning about many different types of animals

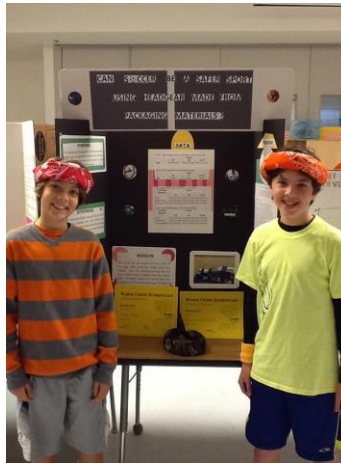

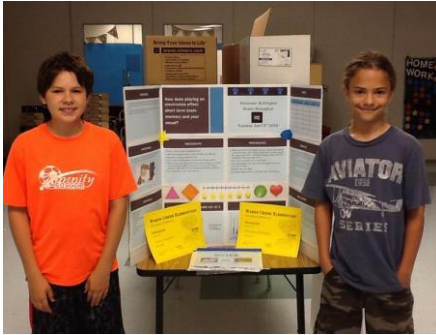

Phenomenal Fifth Grade!

This year several of our WCES 5th grade classes completed STEM Fair projects. (Science, Technology, Engineering, and Math) These projects were then judged based on originality and experimental design. Congratulations to the following students for earning a Finalist Certificate to participate in the district fair at Palencia Elementary on May 14th!

Caitlin Lasswell - "Can veggies be hidden in other foods and go unnoticed?"

Panagioti Vasileiadis & Sergio Reyes - "Can soccer be a safer sport using headgear made from packaging materials?"

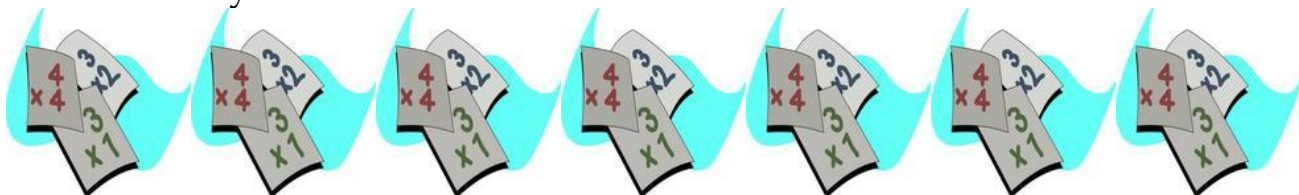

Alexander Buffington & Shane Monaghan - "How does playing electronics affect short term brain memory and your mood?"

Warrior Highlights!

TERRIFIC THIRD GRADE

Third Grade is feverishly working on learning/memorizing our multiplication facts. This is a third grade standard and a vital prerequisite of fourth grade. Our third graders will be much more successful in mathematics next year if this important skill is learned now. Please, please take the time to practice nightly these facts until your child knows them by heart.

Kindergarten Team and Comfort for Canines

This year our Kindergarten classes at Wards Creek have begun a community service project to help our local animal shelters and we need your help!

How you can help:

Clean out your closet and throw in the towel! The shelters are in need of these items:

Blankets, towels, fleece throws, pet beds, and baby blankets.

Think soft, absorbent, and not too bulky... things you'd wash at home. Items that can cushion the bottoms of crates and kennels, and keep dogs' noses, paws and ears dry.

Items that are not so good to donate:

- *For the most part, shelters do not want bed sheets—they are not absorbent enough and do not stand up to repeated laundering. Anything too bulky is difficult for the shelter staffs to manage; this precludes comforters, bedspreads, heavy area rugs, queen or king-sized quilts and mattress covers.*
- *No pillows at all.*
- *No electric blankets, please, unless the cords are removed.*
- *No clothes, please!*

Feel free to start sending in these items now. You can either send it in with your child, leave it at the front desk, or walk it in to your child's classroom. Thank you so much for your help and support. Look for an update soon after our first drop off to the shelters!

Third Grade Service Project

****Clinic Supplies****

Help the Clinic keep Warriors healthy and happy!

You may send in donated items with your child, or drop them off at the clinic. Please mention our 3rd grade service project.
