St. Johns County School District Core Values

We believe that . . .

Trustworthiness, respect, responsibility, fairness, caring, and citizenship are essential to the wellbeing of individuals and society.

All individuals have intrinsic value.

Every individual can contribute something of worth to society.

Individuals are responsible and accountable for their choices and decisions.

In order to grow and thrive, individuals need caring relationships and a nurturing environment.

Supportive family relationships are the foundation of the community.

High expectations lead to higher performance, which, in turn, empowers the individual and strengthens society.

Continuous learning is a lifelong process that is essential to a productive and enriched life.

A safe and orderly environment is conducive to learning.

The St. Johns County School System is recognized throughout Florida for its innovative programming, student accomplishments and professional staff. The District's success is due to its commitment to excellence in academics plus its commitment to character development.

The Six Pillars of Character (Trustworthiness, Respect, Responsibility, Fairness, Caring and Citizenship) are found in the district's Core Values. Individual worth and high expectations for all students are also part of this value system.

St. Johns County schools and community partners have come together with a common approach in an effort to say that children matter, values matter, character matters and academic excellence matters in our community and in our country. These principles are embodied in the district's visionary Mission Statement:

The St. Johns County School District will inspire good character and a passion for lifelong learning in all students, creating educated and caring contributors to the world.

Letter from the Superintendent

“For your children, you are the vital link between the classroom and the world beyond.”

Dear Parents and Community Partners:

Children thrive when their environment is safe, secure, and supportive of education. Whether at home or in the classroom, adult involvement and encouragement have an enormously positive impact on a child’s learning process. **For your children, you are the vital link between the classroom and the world beyond.** As Superintendent of the St. Johns County School District, I encourage you to take an active role in your children’s school career. The following parent resource guide provides information on the steps parents can take for effective, meaningful participation.

The guide:

- Defines terms commonly used by educators
- Gives examples of skills your children will be taught in each grade
- Explains what will happen if your children fall behind and how they will be assisted to catch up
- Suggests what parents, as partners in the learning process, can do at home

I encourage you to use the guide as a starting point for extended communication with teachers, school and district administrators, and most importantly, with your children. Each day, show your interest in their education. Empty the book bag and look at what your children are learning. Review their schoolwork. Talk to them about what they have learned that day. Talk to their teachers by phone, by email or face to face. Ask questions and stay involved.

After more than thirty years, research continues to be positive and convincing - families have a major influence on their children’s academic achievement in school and throughout life. When parents talk to their children about school, expect them to do well, help them plan for college and career, and make sure that out-of-school activities are constructive, their children tend to do well in school and in life. Students with involved parents, no matter what their income or background, are more likely to do better in school, stay in school longer, and like school more.

I applaud you for making your children’s education a family priority.

Sincerely,

Joseph G. Joyner, Ed.D.
Superintendent of Schools

Facts about St. Johns County School District

Johns County Superintendent of Schools

2009

Florida Superintendent of the Year

SCHOOLS

- 18 Elementary Schools (K-5)
- 3 K-8 School
- 7 Middle Schools (6-8)
- 7 High Schools (9-12)
- 1 Alternative Center (6-12)
- 3 Charter Schools
- 2 Juvenile Justice Facilities
- 1 Virtual School

The St. Johns County School District is accredited as a quality school system by AdvancED, the internationally recognized accrediting agency for K-12 schools.

Class Size (Student-Teacher ratio)

- 1:15.99 PK-3
- 1:17.65 4-8
- 1:18.12 9-12

STUDENTS

St. Johns County School District has 36,529 students.

Race:

- White—85.74%
- African American or Black—7.30%
- Asian—3.79%
- Multi-Racial—2.74%
- Hawaiian or Pacific Islander—0.25%
- American Indian or Alaskan Native—0.14%
- Undeclared—0.01%

Ethnicity:

- Hispanic—8.00%
- Non-Hispanic—85.41%
- Undeclared—6.59%

Student body—112 different countries, 76 languages
 Exceptional education students – 2,709 gifted students and 4,448 disabled students (learning or intellectual disabilities, emotional/behavioral or autism spectrum disorders, speech/language or sensory impairments and developmental delays)

The Strategic Plan

The new 2016 – 2021 St. Johns County School District Strategic Plan was approved by the School Board on April 12, 2016. It is the culmination of valuable input from district and school staff, students and parents, community members and business partners. There were over 3,800 respondents to the Strategic Plan Survey in addition to meetings generated for input from all over the county. The various components of the Strategic Plan are as follows:

Mission Statement

The St. Johns County School District will inspire good character and a passion for lifelong learning in all students, creating educated and caring contributors to the world.

Vision Statement

All students choose a learning path that leads to a well-rounded graduate who demonstrates good character and leadership.

Core Values

- Trustworthiness, respect, responsibility, fairness, caring, and citizenship are essential to the well-being of individuals and society.
- All individuals have intrinsic value.
- Every individual can contribute something of worth to society.
- Individuals are responsible and accountable for their choices and decisions.
- In order to grow and thrive, individuals need caring relationships and a nurturing environment.
- Supportive family relationships are the foundation of the community.
- High expectations lead to higher performance which, in turn, empowers the individual and strengthens society.
- Continuous learning is a lifelong process that is essential to a productive and enriched life.
- A safe and orderly environment is conducive to learning.

Strategic Delimiters

We will not initiate any new program or service unless:

- It is consistent with and contributes to our mission.
- It is accompanied by the training, staff development, and resources needed to assure its effectiveness.

Goals

- Goal A: College and Career Readiness Student Success Goal 2021: All Students will graduate with a skill set prepared for college or a career.
- Goal B: Flexible Learning and Success Goal 2021: All students will have the choice and flexibility to customize their learning path.
- Goal C: Well-rounded Student Success Goal 2021: All Students will have the opportunity to demonstrate leadership and character, strengthen their life skills and participate in service to the community.
- Goal D: Growth Management Success Goal 2021: St. Johns County School District will proactively manage systemic growth.

Tactical Planning Teams

Each of five focus area teams devised strategies to build upon for the five years of the Strategic Plan. They will use success metrics to analyze each year and add tactics for every additional year through 2021. The focus teams and strategies are as follows:

- **Academic and Student Services**
Strategy 1: Create opportunities that empower students to build good character, life, social, and leadership skills.

Strategy 2: Develop and implement a K-12 initiative to fully integrate STEM concepts.
Strategy 3: Build literacy skills that empower students to communicate effectively.
Strategy 4: Build capacity to fully support the academic, wellness and safety needs of all students.

- **Operations**

Strategy 1: Develop a K-12 continuum of technology integration, including necessary network infrastructure, to ensure teachers are well equipped to implement technology in the classroom.
Strategy 2: Continue to design and construct schools that accommodate growth while maintaining high quality programming with an intentional student-focused environment.
Strategy 3: Continue to improve district-wide safety and security measures.
Strategy 4: Continue to improve and upgrade operation systems and services to better meet the needs of students and staff.

- **Community Relations**

Strategy 1: We will continue to embrace technology to effectively communicate with families, students, employees and community members by researching and seeking the best available communication methods.
Strategy 2: We will continue to build a culture of character by further integrating CHARACTER COUNTS! initiatives and related programs throughout the St. Johns County School District while expanding into the community at large.
Strategy 3: We will continue to seek and expand business and community partnerships to provide more opportunities for students.

- **Human Resources**

Strategy 1: Using a comprehensive recruitment approach, Human Resources will recruit high quality personnel in all employee groups (Administrative, Teachers, and Non-Instructional).
Strategy 2: Align all professional development opportunities so all employees can grow professionally while performing at their highest potential.
Strategy 3: Provide ongoing ethics and professional conduct training to all employee groups.

- **Superintendent and School Board**

Strategy 1: Align all decision-making in the best interest of students.
Strategy 2: Continue to influence state legislation and set policy at the local level to further the mission, vision and goals of the school district.
Strategy 3: Maintain a nurturing and supportive environment by continuing a culture that fosters teamwork and collaboration that emphasizes shared values, integrity and loyalty.

Character Counts! Program

St. Johns County Schools has adopted the *Character Counts!* Program to help students learn about trustworthiness, respect, responsibility, fairness, caring and citizenship. These traits are known as the Six Pillars of *Character Counts!* Each month one of the pillars is featured:

- August – All pillars
- September – Fairness
- October – Responsibility
- November – Citizenship
- December – All Pillars
- January – Respect
- February – Caring
- March – Trustworthiness
- April – All Pillars
- May – Citizenship (Emphasis on Patriotism)

Trustworthiness – Be honest. Don't deceive, cheat or steal. Be reliable – do what you say you will do. Have the courage to do the right thing. Build a good reputation. Be loyal – stand by your family, friends and country.

Respect – Treat others with respect. Follow the Golden Rule. Be tolerant of differences. Use good manners, not bad language. Be considerate of the feelings of others. Don't threaten, hit or hurt anyone. Deal peacefully with anger, insults and disagreements.

Responsibility – Do what you are supposed to do. Persevere, keep on trying! Always do your best. Use self-control. Be self-disciplined. Think before you act. Consider the consequences. Be accountable for your choices.

Fairness – Play by the rules. Take turns and share. Be open-minded. Listen to others. Don't take advantage of others. Don't blame others carelessly.

Caring – Be kind. Be compassionate and show you care. Express gratitude. Forgive others. Help people in need.

Citizenship – Do your share to make your school and community better. Cooperate. Stay informed. Vote. Be a good neighbor. Obey laws and rules. Respect authority. Protect the environment.

The Six Pillars of the *Character Counts!* Program are modeled, taught, expected and celebrated in grades K–12.

Prevention Education

St. Johns County School District is committed to providing developmentally appropriate education and prevention programs that address the legal, social, and health consequences of alcohol, tobacco, and drug abuse per School Board Rule 4.02(13). Strategies being used in our district for delivery of prevention education at the elementary, middle, and high school levels include classroom instruction, prevention programs, character development, guest speakers, community agency collaboration, staff training and parent awareness.

Students in grades K-5 receive health and prevention education, which is integrated into the curriculum throughout the year. In middle school students learn the effects and consequences of alcohol, tobacco, and other drug use through the various strategies listed above. In addition, HIV education is integrated in various curriculum including health, science, and physical education. Parents may choose to opt-out their child from the HIV education by a written request at the beginning of each school year. Prevention education in high school is included in the required class Health Opportunities through Physical Education (HOPE), which is a comprehensive health and personal fitness class.

Bullying prevention education is integrated into the curriculum at all grade levels and taught throughout the year by teachers, the district prevention specialist, and community agencies. Instruction includes identifying, preventing, and responding to bullying and harassment. Also included is instruction on recognizing behaviors that lead to bullying and harassment and taking appropriate action based on those observations.

Cyberbullying and Internet Safety education are also addressed through curriculum integration at all grade levels.

Prevention education for teen dating violence abuse which is state mandated is taught to students in grades 7-12 through curriculum integration, presentations, and approved speakers. The characteristics of healthy and unhealthy relationships are explored, along with strategies to identify danger signals and implement appropriate actions to deal with dating violence situations.

For more information on prevention resources and the district policy prohibiting bullying and harassment including how to report bullying, please go to the school district's Safe and Drug-Free Schools' website <http://www.stjohns.k12.fl.us/sdfs/>.

Enrolling Your Child in School

How old does my child have to be to attend school?

Under Florida state law, a child must be 5 years old on or before September 1 to enter kindergarten. To enter first grade, a child must be 6 years old on or before September 1, and must have successfully completed kindergarten.

How do I know which school my child will attend?

Our district website <http://www.stjohns.k12.fl.us/zoning> provides a link to an Attendance Zone Locator. Our Student Services staff can also assist you. Contact our office at 904-547-7598.

How do I enroll my child in school?

You may go to the school at any time during regular hours to enroll your child. Summer hours and locations may vary. Please contact your zoned school for information.

What paperwork will I need to enroll my child?

You should bring the following information to the school:

- **Three proofs of residence** – A current mortgage statement, lease or rent agreement and two other proofs of residence such as a current electric bill, car registration or voter registration.
- **Health Records** – Children entering a Florida public school for the first time must have an up-to-date Florida Certificate of Immunization (HRS FORM 680) and a copy of a physical examination done within one year of enrollment. For more information, contact St. Johns County Health immunizations for each grade level. For more information, contact St. Johns County Health Department at 904-825-5055. Current immunization requirements for SJCS D students can be found at <http://www.floridahealth.gov/programs-and-services/childrens-health/school-health/enrollment.html>.
- **Birth Certificate** – A certified copy of a birth certificate is required by Florida law for children entering kindergarten.
- **School Records** – Items such as withdrawal forms, standardized test scores, and recent report cards will help the school place your child appropriately. If you do not have these items, please provide the school with the name and address of your child's previous school so that the necessary information can be obtained.

Requesting a Change in Placement

The Parent's Role with Placement Decisions

Many factors are considered when making a placement decision for a student. The placement decision is based on the preponderance of evidence showing how well a student is meeting the levels of performance for student progression to the next grade level. Parents or guardians may discuss placement decisions with school officials, provide input for consideration, and ask for an explanation of the placement. They may also review the evidence the school used in making the placement; however, the final placement decision is made by the principal.

Parents may request their child be transferred to a different classroom teacher based upon (1) the teacher's out-of-field certification status or (2) personal preference, but the parent does not have the right to choose a specific classroom teacher. Information about the process for making the request is available at (include link).

How do I obtain a school transfer?

Information regarding residency and guardianship can be found on the Student Services website at <http://www.stjohns.k12.fl.us/student/residency/>.

The out-of-zone transfer request process can be found on the School Services website at <http://www.stjohns.k12.fl.us/depts/schoolserv/transfers>

How do I request a teacher change?

Florida Statute [1003.3101](#) gives a parent the right to request his or her child be transferred to another classroom teacher based on (1) the teacher's out-of-field certification status or (2) personal preference. This statute does not give the parent the right to choose a specific classroom teacher. Teachers with out-of-field certification are named on our district website 30 days before the beginning of the semester. Parents may complete a Teacher Change Request form, which is also available on the district website and at schools. When the form is returned to the school, the parent will be contacted to schedule a conference (required). After the conference, the principal will either approve or deny the request with the rationale for the denial in writing. Consistent with school board rules and in accordance with state statute ([1012.28 \(5\) F.S.](#)), the Superintendent has designated the principal of the school as the final authority in the placement of students in programs or classes.

Testing

Throughout your child's school year, he/she will take many standardized tests, including the Florida Standards Assessment (FSA) for grades 3-10 for English Language Arts (ELA) and grades 3-8 for math. These assessments measure student mastery of the Florida Standards. In grades 4-10, the ELA assessment includes a writing component. In grades 5 and 8 students also take a Statewide Science Assessment. This test will measure how well students are meeting the Next Generation Sunshine State Standards in science. Students enrolled in civics (7th grade), or algebra I, geometry, algebra II, biology, or U.S. history will take the corresponding state End-of-Course assessment and it will constitute 30% of the final grade in the course. The state assessment website with information on all statewide assessments is <http://www.fldoe.org/asp/>.

The Florida Department of Education (FDOE) standardized assessments provide information about your child's mastery of Florida Standards and tracks his/her progress over time. Schools use test scores to develop plans for individual student improvement. Test scores are used to see if there is a problem that requires additional help or different methods of teaching. Tests also help to identify a student's strengths in order to provide more challenging academics. Parents always have access to their child's test results.

Specific national, state and/or district assessments are given on each grade level page in this document and on the district assessment calendar at <http://www.stjohns.k12.fl.us/planning/>. Schools may opt for additional testing; each school has their own assessment calendar as well.

Reading – Our #1 Priority

Every teacher, parent and child knows that reading is the most important skill taught in elementary school. There are six components of reading that children must master in order to learn to read. To be able to help your child in reading, you need to know and understand these components.

1. **Oral Language** provides the foundation for literacy development involving listening and speaking skills.
2. **Phonemic Awareness** is the ability to hear and manipulate the sounds of spoken language. This includes noticing rhyme and the separate, small sounds in words (phonemes).
3. **Phonics** is the understanding of the relationships between written letters and the sounds of spoken language. This knowledge allows the reader to “decode” words by translating the letters into speech sounds.
4. **Fluency** is the ability to read quickly, correctly, and with proper expression. Fluent readers can concentrate on understanding what they read because they don’t have to focus on decoding.
5. **Vocabulary** includes all the words the reader can understand and use. The more words a child knows, the better he or she will understand what is read. Knowing how words relate to each other is a building block that leads to comprehension.
6. **Comprehension** is the ability to understand what one has read. This includes understanding the plot of a story or the information in an article. It also includes things like recognizing the main idea of an article or being able to compare and contrast different characters in a story.

For more information about how parents can promote literacy skills, go to <http://www.fldoe.org/academics/standards/just-read-fl/>

What are the Florida Standards?

The Mathematics Florida Standards (MAFS) and Language Arts Florida Standards (LAFS) were approved by the Florida State Board of Education on February 18, 2014, and are now fully implemented across all grades.

The Mathematics Florida Standards (MAFS) include the K-8 grade level standards, the 9-12 content standards in high school courses, and the K-12 Standards for Mathematical Practice.

The Language Arts Florida Standards (LAFS) include the English language arts standards in grades K-12 as well as the content-area literacy standards for middle school and high school instruction in history/social studies, science, and technical subjects.

These rigorous and relevant standards will prepare Florida's students with the knowledge and skills they need to succeed in college, careers and life. Each Florida Standard provides clear expectations for the knowledge and skills students need to master as they progress through each grade and subject. You can access more information about the Florida Standards at: <http://www.fldoe.org/academics/standards/florida-standards/>

In addition to Florida's newest sets of standards for English language arts and mathematics, we continue to have the Next Generation Sunshine State Standards for the Arts (2010), Health Education (2008), Science (2008), and Social Studies (2008), and World Languages (2011).

You can view all the standards at <http://www.cpalms.org/Public/> (Click on "Standards", then enter the subject and grade level).

Kindergarten

Listed below are some of the skills your child should be learning in kindergarten:

- Select material to read for pleasure
- Identify high frequency words
- Write and illustrate simple stories
- Count to tell number of objects
- Understand addition as putting together and adding to, and understand subtraction as taking apart and taking from
- Identify, describe shapes and classify objects
- Describe and compare using measurable attributes
- Identify, describe, analyze, compare, create and compose shapes
- Understand that different things move at different speeds (motion)
- Use your five senses to observe things: big, small, far, near, push, pull, moon and sun.
- Know people and events honored in holidays

You can view all the standards at <http://www.cpalms.org/Public/>. (click on “Standards, then enter the subject and grade level), www.floridastudents.org/ (click on the subject, select the grade level and then choose the standard).

How do I help my child?

- Look regularly at your child’s homework assignments
- Check recommended pacing and content standards using the year-at-a-glance document that is available at <http://www.stjohns.k12.fl.us/year-at-a-glance/>
- Attend parent-teacher conferences
- Communicate with the teacher – email is usually best
- Look at your child’s textbooks
- Attend the school’s Open House, PTA/PTO meetings, and special events
- Become a member of the School Advisory Council (SAC)
- Visit and volunteer at the school
- View reading information <http://www.scholastic.com/parents/> and www.pbs.parents
- View math information at <http://fldoe.org/core/fileparse.php/5390/urlt/0081015-mathfs.pdf>
- Visit <http://floridastudents.org/#> for Florida Standards-based videos for English language arts, math, and science
- Visit www.fldoe.org/academics/standards/florida-standards/ for parent guides and resources for English language arts and math

What national, state or district tests will my child take in kindergarten?

Kindergarten students will participate in the Florida Kindergarten Readiness Screener (FLKRS) within 30 school days from the district’s first day of school. The FLKRS screener is an observation checklist that will assist teachers in understanding the abilities of children entering school and will target instruction to assist children to become successful learners. Information from the FLKRS will help teachers plan curriculum and improve school readiness programs and services for preschool-age children.

Kindergarten students will take Discovery Education for English language arts and math at least twice/year for progress monitoring and to guide instruction.

Schools may also opt for additional diagnostic testing programs. A district assessment calendar is available at <http://www.stjohns.k12.fl.us/planning/> and a school assessment calendar is available at each school.

First Grade

Listed below are some of the skills your child should be learning in first grade:

- Read independently for pleasure
- Write stories, journals and lists
- Use capitalization, punctuation and spacing between words
- Read and discuss different types of literature
- Represent and solve problems involving addition and subtraction facts
- Understand place value and properties of operations to add and subtract
- Reason with shapes and their attributes
- Represent and interpret data
- Understand the causes of motion
- Identify the difference between living and nonliving things
- Use simple maps and globes

You can view all the standards at <http://www.cpalms.org/Public/>. (click on “Standards”, then enter the subject and grade level), www.floridastudents.org/ (click on the subject, select the grade level, and then choose the standard).

How do I help my child?

- Look regularly at your child’s homework assignments
- Check recommended pacing and content standards using the year-at-a-glance document that is available at <http://www.stjohns.k12.fl.us/year-at-a-glance/>
- Attend parent-teacher conferences
- Communicate with the teacher – email is usually best
- Look at your child’s textbooks
- Attend the school’s Open House, PTA/PTO meetings, and special events
- Become a member of the School Advisory Council (SAC)
- Visit and volunteer at the school
- View reading information <http://www.scholastic.com/parents/> and www.pbs.parents.com/
- View <http://www.fldoe.org/core/fileparse.php/5390/urlt/0081015-mathfs.pdf>
- Visit <http://floridastudents.org/#> for Florida Standards-based videos for English language arts, math, and science
- Visit success measures for parent information regarding the Florida Standards your child is learning at <https://app1.fldoe.org/successmeasures/>
- Visit www.fldoe.org/academics/standards/florida-standards/ for parent guides and resources for English language arts and math

What national, state or district tests will my child take in first grade?

First grade will take Discovery Education for English language arts and math at least twice/year for progress monitoring and to guide instruction.

Schools may also opt for additional diagnostic testing programs. A district assessment calendar is available at <http://www.stjohns.k12.fl.us/planning/> and a school assessment calendar is available at each school.

Second Grade

Listed below are some of the skills your child should be learning in second grade:

- Read independently for pleasure
- Write clearly in manuscript
- Read and discuss different types of literature
- Use simple maps, globes and models to identify places
- Identify solids, liquids and gases
- Understand how magnets work
- Describe ways to conserve energy
- Work with equal groups of objects to gain foundations for multiplications
- Use place value understanding and properties of operations to add and subtract
- Relate addition and subtraction to length
- Reason with shapes and their attributes

You can view all the standards at <http://www.cpalms.org/Public/>. (click on “Standards”, then enter the subject and grade level), www.floridastudents.org/ (click on the subject, select the grade level, and then choose the standard).

How do I help my child?

- Look regularly at your child’s homework assignments
- Check recommended pacing and content standards using the year-at-a-glance document that is available at <http://www.stjohns.k12.fl.us/year-at-a-glance/>
- Attend parent-teacher conferences
- Communicate with the teacher – email is usually best
- Look at your child’s textbooks
- Attend the school’s Open House, PTA/PTO meetings, and special events
- Become a member of the School Advisory Council
- Visit and volunteer at the school
- View reading information <http://www.scholastic.com/parents/> and www.pbs.parents
- View <http://www.fldoe.org/core/fileparse.php/5390/urlt/0081015-mathfs.pdf>
- Visit <http://floridastudents.org/#> for Florida Standards-based videos for English language arts, math, and science
- Visit www.fldoe.org/academics/standards/florida-standards/ for parent guides and resources for English language arts and math

What national, state or district tests will my child take in second grade?

Second grade students will take Discovery Education for English language arts and math at least twice/year for progress monitoring and to guide instruction. They will also take one combined district final exam in art, music, and PE.

Schools may also opt for additional diagnostic testing programs. A district assessment calendar is at <http://www.stjohns.k12.fl.us/planning/> and a school assessment calendar is available at each school.

Third Grade

Listed below are some of the skills your child should be learning in third grade:

- Read independently for pleasure
- Pre-write, draft, edit and publish different kinds of writing
- Understand story structure: setting, plot, climax and sequence of events
- Use simple maps, globes, charts and models to identify places
- Tell how weather impacts habitats
- Understand ways animals and plants interact and are interdependent
- Describe structures in plants and their roles in food production, support, water and nutrient transport, and reproduction.
- Know various forms of energy and trace their flow
- Write in cursive
- Understand properties of multiplication and the relationship between multiplication and division and fluency
- Use place value understanding and properties of operations to perform multi-digit arithmetic
- Develop an understanding of fractions as numbers
- Geometric measurement: understand concepts of areas and relate to multiplication and addition
- Reason with shapes and their attributes

You can view all the standards at <http://www.cpalms.org/Public/>. (click on “Standards”, then enter the subject and grade level). www.floridastudents.org/ (click on the subject, select the grade level, and then choose the standard).

How do I help my child?

- Look regularly at your child’s homework assignments
- Check recommended pacing and content standards using the year-at-a-glance document that is available at <http://www.stjohns.k12.fl.us/year-at-a-glance/>
- Attend parent-teacher conferences
- Communicate with the teacher – email is usually best
- Look at your child’s textbooks
- Attend the school’s Open House, PTA/PTO meetings, and special events
- Become a member of the School Advisory Council (SAC)
- Visit and volunteer at the school
- View reading information <http://www.scholastic.com/parents/> and www.pbs.parents.com/
- View <http://www.fldoe.org/core/fileparse.php/5390/urlt/0081015-mathfs.pdf>
- Visit success measures for parent information regarding the Florida Standards your child is learning at <https://app1.fldoe.org/successmeasures/>
- Visit <http://www.floridastudents.org/#> for Florida Standards-based videos for English language arts, math, and science
- Visit www.fldoe.org/academics/standards/florida-standards/ for parent guides and resources for English language arts and math

What national, state or district tests will my child take in third grade?

Third grade students will be assessed with the Florida Standards Assessment in reading and mathematics. These assessments will be administered in the spring.

Third grade students will also take Discovery Education for English language arts and math at least twice/year for progress monitoring and to guide instruction; and they will also take one combined district final exam in art, music, and PE.

Schools may also opt for additional diagnostic testing programs. A district assessment calendar is at <http://www.stjohns.k12.fl.us/planning/> and a school assessment calendar is available at each school.

Fourth Grade

Listed below are some of the skills your child should be learning in fourth grade:

- Read independently for pleasure
- Understand the importance of plot, theme, setting, and characters in literature
- Use simple maps, globes, charts and graphs
- Explain the water cycle
- Relate that the rotation of earth and apparent movements of the sun, moon, and stars are connected.
- Identify the physical properties of common earth-forming minerals.
- Describe the difference between physical weathering and erosion.
- Compare and contrast the major stages in the life cycles of Florida plants and animals
- Trace the flow of energy from the sun as it is transferred along the food chain
- Know and compare forms of energy
- Understand Florida and United States History to 1880
- Plan, draft, revise, edit and publish stories and explanations plus other forms of writing
- Gain familiarity with factors and multiples
- Generalize place value understanding for multi-digit and whole numbers
- Extend understanding of fraction equivalence and ordering
- Geometric measurement: understand concepts of angle and measure angles
- Draw and identify lines and angles, classify shapes by properties of their lines and angles.

You can view all the standards at <http://www.cpalms.org/Public/>. (click on “Standards”, then enter the subject and grade level), www.floridastudents.org/# (click on the subject, select the grade level and then choose the standard).

How do I help my child?

- Look regularly at your child’s homework assignments
- Check recommended pacing and content standards using the year-at-a-glance document that is available at <http://www.stjohns.k12.fl.us/year-at-a-glance/>
- Attend parent-teacher conferences
- Communicate with the teacher – email is usually best
- Look at your child’s textbooks
- Attend the school’s Open House, PTA/PTO meetings, and special events
- Become a member of the School Advisory Council (SAC)
- Visit and volunteer at the school
- View reading information <http://www.scholastic.com/parents/> and [www.pbs.parents](http://www.pbs.parents.com)
- View <http://www.fldoe.org/core/fileparse.php/5390/urlt/0081015-mathfs.pdf>
- Visit <http://www.floridastudents.org/#> for Florida Standards-based videos for English language arts, math, and science
- Visit www.fldoe.org/academics/standards/florida-standards/ for parent guides and resources for English language arts and math

What national, state or district tests will my child take in fourth grade?

Fourth grade students will be assessed with the Florida Standards Assessment in reading, writing and mathematics. The writing assessment will be administered in March, and the reading and mathematics assessments will be administered later in the spring. Fourth grade students will also take one combined district final exam in art, music, and PE.

Schools may also opt for additional diagnostic testing programs. A district assessment calendar is available at <http://www.stjohns.k12.fl.us/planning/> and a school assessment calendar is available at each school.

Fifth Grade

Listed below are some of the skills your child should be learning in fifth grade:

- Read independently for pleasure
- Understand the importance of plot, theme, setting, characters, and author's purpose in literature
- Use maps, globes, charts, timelines and graphs
- Understand the scientific process and use it to solve problems
- Explain the difference between an experiment and other types of scientific investigation
- Recognize and explain that science is grounded in empirical observations that are testable; explanation must always be linked with evidence.
- Understand civil rights and suffrage
- Understand Florida and United States history since 1880
- Study government, the economy, immigration, and education
- Write in a variety of forms
- Write and interpret numerical expressions
- Perform operations with multi-digit whole numbers and with decimals to hundredths
- Apply and extend previous understandings of multiplication and division to multiplication and division of fractions
- Understand concepts of volume and relate volume to multiplication and to addition.
- Graph points on the coordinate plane to solve real-world mathematical problems

You can view all the standards at <http://www.cpalms.org/Public/> (click on "Standards", then enter the subject and grade level), or <http://www.floridastudents.org/#> (click on the subject, select the grade level, and then choose the standard).

How do I help my child?

- Look regularly at your child's homework assignments
- Check recommended pacing and content standards using the year-at-a-glance document that is available at <http://www.stjohns.k12.fl.us/year-at-a-glance/>
- Attend parent-teacher conferences
- Communicate with the teacher – email is usually best
- Look at your child's textbooks
- Attend the school's Open House, PTA/PTO meetings, and special events
- Become a member of the School Advisory Council (SAC)
- Visit and volunteer at the school
- View reading information <http://www.scholastic.com/parents/> and www.pbs.parents.com
- View <http://www.fldoe.org/core/fileparse.php/5390/urlt/0081015-mathfs.pdf>
- Visit <http://floridastudents.org/#> for Florida Students Education Resources for Learning
- Visit www.fldoe.org/academics/standards/florida-standards/ for parent guides and resources for English language arts and math

What national, state or district tests will my child take in fifth grade?

Fifth grade students will be assessed with the Florida Standards Assessment (FSA) in reading, writing and mathematics. The writing assessment will be administered in March, and the other assessments will be administered later in the spring. In addition, fifth grade students will take the Statewide Science Assessment (SSA) – in the spring. Fifth grade students will also take one combined district final exam in art, music, and PE.

Schools may also opt for additional diagnostic testing programs. A district assessment calendar is available at <http://www.stjohns.k12.fl.us/planning/> and a school assessment calendar is available at each school.

Advanced Academic Opportunities in Elementary School

Each school offers Academically Challenging Curriculum to Enhance Learning (ACCEL) options: whole-grade and mid-year promotion, subject matter acceleration, and virtual instruction in higher grade-level subjects.

Whole Grade Acceleration

Acceleration is the skipping of a grade, or part of a grade, based on exceptionally high achievement by a student. Acceleration may be considered when the student has outstanding abilities and skills, social and emotional maturity, above grade level performance in reading and math, and meets other district criteria. Parents should carefully consider the following:

- Accelerated coursework grades become a part of your student's permanent record.
- Your student will still be responsible for mastering all standards in their current grade and be required to take their accelerated grade level Florida Standards Assessments in English language arts and math (grades 3-5), Statewide Science Assessment (grade 5) and social studies (grade 7).
- Parental involvement in the entire process of accelerated coursework is necessary for student success.
- Your student should have excellent study skills, be self-motivated, and be able to work independently.
- Acceleration in early grades will result in your student being younger than classmates. This can become a problem for social and emotional development, as well as athletic competition in later years. Students will not be allowed to repeat a grade to return to their age cohort.

Parents who may be interested in completing the application for the acceleration process should consult with their child's teacher, school counselor and the school principal. Consistent with school board rules and in accordance with state statute 1012.28 (5) F.S., the Superintendent has designated the principal of the school as the final authority in the placement of students in programs or classes.

Acceleration does not supersede the initial placement age criteria as specified in Florida Statute 1003.21:

- For Kindergarten, the student must be 5 years old on or before September 1 of the school year
- For First Grade, the student must be 6 years old on or before September 1 of the school year

Course Acceleration

Students in all grades may be eligible for course acceleration after demonstrating mastery of the current grade level standards. When a student is accelerated, there is no guarantee that the entire foundation curriculum has been mastered. This is particularly critical in math and science since topics are presented only once, rather than being repeated year after year. The parent should consider carefully the full academic and social ramifications of acceleration. The parent may confer with the teacher, counselor and principal to determine if single subject acceleration may be appropriate for the individual student based on the student's academic history, teacher recommendation and ability to work independently. The Request for Acceleration should be completed before November 1. Consistent with school board rules and in accordance with state statute 1012.28 (5) F.S., the Superintendent has designated the principal of the school as the final authority in the placement of students in programs or classes.

Middle school courses are accessible to elementary students only through St. Johns Virtual School and may be completed at home or at school. Approval by the Director of Instructional Services and the Director of Guidance and Choice is required.

For additional information on acceleration options, please contact your school counselor or see the Elementary School Student Progression Plan on the District website at <http://www.stjohns.k12.fl.us/cs/spp/>.

Middle School Years (Grades 6-8)

Listed below are some of the skills that your child should be learning between grades six and eight:

- Read independently for pleasure
- Read, analyze and compare various types of literature, including novels, plays, poetry, stories and non-fiction
- Write papers (reports and essays) that explain and/or persuade, or compare sources, and appropriately use proper conventions, focus, organization, and support
- Complete research projects on a variety of assigned topics
- Prepare and present effective oral presentations
- Use integers, fractions, decimals and percentages in math
- Use measurements to solve math problems in real world situations
- Use empirical observations and measurements to study the natural world
- Investigate key concepts in physical, life, and earth/space science
- Study the history and the role of the American citizen in democracy
- Use a computer to write reports, create graphs and make charts

You can view all the standards at <http://www.cpalms.org/Public/>. (Click on “Standards”, then enter the subject and grade level).

The middle school course catalog is available online at <http://www.stjohns.k12.fl.us/cs/wp-content/uploads/sites/29/2015/03/2015-2016-Middle-School-Course-Catalog.pdf>.

Middle school course sequences are available in the appendix.

How do I help my child?

- Look regularly at your child’s homework assignments
- Check recommended pacing and content standards using the year-at-a-glance document that is available at <http://www.stjohns.k12.fl.us/year-at-a-glance/>
- Attend parent-teacher conferences
- Communicate with the teacher – email is best
- Look at your child’s textbooks
- Attend the school’s Open House, PTA/PTO meetings, and special events
- Become a member of the School Advisory Council (SAC)
- Visit and volunteer at the school
- Ask your child’s teachers for a syllabus or course outline
- Access the Home Access Center at <http://www.stjohns.k12.fl.us/hac> to check your child’s grades, state test scores, assignments and attendance
- Promote the importance of reading outside of the school setting
- Visit <http://floridastudents.org/#> for Florida Standards-based videos for English language arts, math, science and civics
- Visit www.flstandards.org/ for parent guides and resources for English language arts and math

What state tests will my child take in middle school?

All middle school students will take the Florida Standards Assessment (FSA) in English language arts and mathematics. The FSA in English language arts includes a writing component which is given in early March and a reading test given later in the spring. The FSA measures how well students are meeting the Florida Standards.

In addition, eighth grade students will take the Statewide Science Assessment. This test measures how well students are meeting the Next Generation Sunshine State Standards (NGSSS) for science.

Seventh grade students enrolled in civics will take the state end-of-course (EOC) assessment and it will count as 30% of the final grade in the course.

Students enrolled in high school courses which have a state EOC assessment will take the EOC and it will be 30% of the final grade in the course (Algebra I, Algebra IB, Geometry, Algebra II, Biology or U.S. History). For information on EOC assessments, go to <http://www.fldoe.org/accountability/assessments/k-12-student-assessment/end-of-course-eoc-assessments/>.

What district tests will my child take in middle school?

All students enrolled in courses that do not have an EOC or FSA will take a midterm exam at the end of the first semester and it will count as 10% of the semester grade. They will take a final exam at the end of the second semester and it will count 10% of the semester grade.

District Assessments in Middle and High School 2016-2017

Courses	Semester 1	District Common Midterm	Semester 2	State EOC	District Common Final
Assessed by FSA, AP, IB, AICE	Q1 = 50% Q2 = 50%	Used in Q2 grade	Q3 = 50% Q4 = 50%	n/a	n/a
Assessed by EOC - yearlong courses	Q1 = 17.5% Q2 = 17.5%	Used in Q2 grade	Q3 = 17.5% Q4 = 17.5%	30% of final grade	n/a
Middle School Courses assessed by a Common District Final	Q1 = 47.5% Q2 = 47.5%	10% of Sem 1	Q3 = 47.5% Q4 = 47.5%	n/a	10% of Sem 2
High School Courses assessed by a Common District Final	Q1 = 45% Q2 = 45%	10% of Sem 1	Q3 = 45% Q4 = 45%	n/a	10% of Sem 2

Schools may also opt for additional diagnostic testing programs. The district assessment calendar is available at <http://www.stjohns.k12.fl.us/planning/> and a school assessment calendar is available at each school.

Advanced Academic Opportunities in Middle Schools

Each school offers Academically Challenging Curriculum to Enhance Learning (ACCEL) options: whole-grade and mid-year promotion, subject matter acceleration, virtual instruction in higher grade-level subjects, and the Credit Acceleration Program. Acceleration options do not supersede the core requirements for promotion to high school (3 English Language Arts, 3 Math, 3 Science, 3 Social Studies).

Students at all middle schools may be enrolled in high school credit-earning courses, such as Algebra I Honors or Geometry Honors. In addition, Spanish I is offered at most middle schools, and Introduction to Information Technology is offered at Switzerland Point Middle School. These courses adhere to the high school grading policy. Algebra I Honors and Geometry Honors include required State End-of-Course Exams ([see state tests in high school](#)). They are included in the student's cumulative Grade Point Average (GPA) and may be used to satisfy high school graduation requirements and Florida Bright Futures award requirements. Finally, dual enrollment courses are available for middle school students who are ready for college course work.

Every middle school offers advanced courses. Program specifics are available through each school's guidance department. Placement is made after review by guidance personnel and administration. Students may not attend an out-of-zone academic program, except the St. Johns County Center for the Arts, a program of choice (see below).

International Baccalaureate Middle Years Programme at Pacetti Bay Middle School and Valley Ridge Academy

The IB Middle Years Programme allows academically talented students an opportunity to develop knowledge, attitudes and skills taught from a global perspective incorporating the best educational elements from around the world.

Advancement Via Individual Determination (AVID) at Gamble Rogers, R. J. Murray, and Sebastian Middle Schools

The AVID program is a college preparatory program designed for students to prepare for and succeed in the most rigorous course work. The core component of the program is the AVID "elective" where students receive instruction in academic "survival skills" and skills for college success. The AVID program teaches the student how to study, read for content, take and use Cornell notes, manage time and most importantly, to think critically. AVID students participate in tutorials twice per week, led by tutors who use skillful questioning to bring students to a higher level of thinking.

St. Johns County Center for the Arts at R.J. Murray Middle School

The St. Johns County Center for the Arts at R.J. Murray Middle School is a program of choice. It offers artistically gifted students a program of study designed to develop their unique talents in the performing and visual arts within an environment that is emotionally supportive and intellectually challenging. Students must apply annually and auditions are required. Out-of-zone students must complete the out-of-zone waiver in addition to the application.

Cambridge Secondary 1 at R.J. Murray Middle School

The Cambridge Secondary 1 program at R.J. Murray Middle School offers students a highly rigorous academic program that has been developed by the University of Cambridge to prepare students for

advanced high school programs such as Advanced Placement courses, Advanced International Certificate of Education (AICE), and International Baccalaureate (IB).

Advanced Course Placement Criteria

Consistent with school board rules and in accordance with state statute (1012.28 (5) F.S.), the Superintendent has designated the principal of the school as the final authority in the placement of students in programs or classes. The following criteria represent consensus of all middle school and district administrators:

- **Grades - A grade of C or better in the previous honors or advanced course**
- Students earning a grade of A in the previous standard course may be recommended for honors or advanced course placement. Teachers will conference with students to offer guidance for appropriate placement;
- OR**
- **FSA- Level 4 or 5 in appropriate area and not less than a Level 3 in any area**
 - ❖ On Mathematics and reading FSA for placement in honors or advanced mathematics classes.
 - ❖ On Reading FSA for placement in honors or advanced English, social studies, science or foreign language;
- OR**
- In the case of extenuating circumstances, petition may be made on a case-by-case basis to the principal (or designee) for review of criteria to ensure proper course placement.

Specific math placement criteria were developed to aid in the math progression in middle school.

2016 – 2017 Middle School Math Course Progression Criteria					
A student in:	Meeting the following criteria				Recommended placement
	Previous year FSA Math score	Previous year FSA ELA score	Placement Test	Grade in class	
Mathematics – Grade 5 5012070	≥ 4	≥ 3	n/a	A or B	Grade 6 Mathematics, Adv. 1205020
Grade 6 Mathematics 1205010	n/a	n/a	n/a	passing	Grade 7 Mathematics 1205040
Grade 6 Mathematics 1205010	≥ 4	≥ 3	passing grade	A or B	Grade 7 Mathematics, Adv. 1205040
Grade 6 Mathematics, Adv. 1205020	n/a	n/a	n/a	Passing	Grade 7 Mathematics, Adv. 1205040
Grade 6 Mathematics, Adv. 1205020	5	≥ 4	passing grade	A	Algebra 1 Honors 1200320
Grade 7 Mathematics 1205040	n/a	n/a	n/a	passing	Grade 8 Pre – Algebra, 1205070
Grade 7 Mathematics, Adv. 1205050	n/a	n/a	n/a	C or D	Grade 8 Pre – Algebra, 1205070
Grade 7 Mathematics, Adv. 1205050	≥ 4	≥ 3	passing grade	A or B	Algebra 1 Honors 1200320

Teacher recommendations may be considered, but the superintendent has designated the principal as the final authority in placement decisions.

High School (Grades 9-12)

Listed below are examples of skills and activities that your child should be participating in-between grades nine and twelve:

- read independently for pleasure
- read, analyze and compare complex types of literature, including novels, plays, poetry, stories, and non-fiction
- write papers (reports, essays and research projects) that explain and/or persuade and appropriately use proper conventions, focus, organization, and support
- conduct research projects using a variety of sources
- prepare and present effective oral presentation.
- use algebra and geometry to solve mathematical problems
- understand the solar system and what scientists know about the universe
- use scientific processes to solve problems
- understand the genetic development of living things
- analyze the history of the United States and the world
- define their own political beliefs based on knowledge of American democracy
- understand different economic systems in the world and how they relate to each other
- understand how financial institutions work and how to manage money

Students entering ninth grade must complete at least one course through online learning or earn an industry certification in Information Technology. AP, IB, AICE and 18 credit diploma candidates are exempt from this requirement.

You can view all the standards at <http://www.cpalms.org/Public/>. (Click on “Standards”, then the subject and grade level).

The high school course catalog designated by the state is available online at <http://www.stjohns.k12.fl.us/cs/wp-content/uploads/sites/29/2015/03/High-School-Course-Catalog-2015-2016.pdf>

Information about voluntary public service and eligibility requirements for the Florida Bright Futures Scholarship Program can be found at <http://www.floridastudentfinancialaid.org/ssfad/bf/bfmain.htm>.

The high school sequence for language arts, mathematics, social studies and science courses is available in the appendix.

How do I help my child?

- Look regularly at your student’s homework assignments and your student’s textbooks
- Check recommended pacing and content standards using the year-at-a-glance document that is available at <http://www.stjohns.k12.fl.us/year-at-a-glance/>
- Attend parent-teacher conferences
- Attend the school’s Open House, PTA/PTO meetings, and special events
- Become a member of the School Advisory Council (SAC)
- Visit and volunteer at the school
- Ask your student’s teachers for a syllabus or course outline
- E-mail teachers
- Use the Home Access Center at <https://parents.stjohns.k12.fl.us> to check your child’s grades, assignments and attendance
- Promote the importance of reading outside the school setting
- Visit <http://www.floridastudents.org/> for Florida Standards-based videos for English language arts, math and science
- Visit www.flstandards.org/ for parent guides and resources for English language arts and math

What state or national tests will my child be taking in high school?

In ninth and tenth, all students will take the English Language Arts Florida Standards Assessment (FSA). The FSA in English Language Arts includes a writing component which is given in early March and a reading test given later in the spring. This test measures how well students are meeting the English Language Arts Florida Standards.

Students enrolled in a course with a state end-of-course (EOC) assessment will participate in the state EOC and it will be 30% of their final grade in the course – Algebra I, Algebra IB, Geometry, Algebra II, Biology and U.S. History. For information on EOC assessments, go to <http://www.fldoe.org/accountability/assessments/-student-assessment/end-of-course-eoc-assessments>.

The Preliminary Scholastic Aptitude Test (PSAT) is administered to all tenth grade students and offered on a voluntary basis to ninth and eleventh grade students. The PSAT acts as an AP test success predictor, SAT test success predictor, and is used as a qualifying test for National Merit Scholarships for eleventh grade students. The PSAT assesses students in critical reading, mathematics and writing skills and the results are used to advise students about advanced coursework to earn college credits.

What district tests will my child take in high school?

All students enrolled in courses that do not have an EOC, FSA or AP/IB/AICE/DE assessments will take a midterm exam at the end of the first semester and it will count as 10% of the first semester grade. They will take a final exam at the end of the second semester and it will count 10% of the semester grade.

Students enrolled in AP, DE, IB, AICE courses will take the corresponding assessment to determine possible college credit.

Schools may also opt for additional diagnostic testing programs. The district assessment calendar is available at <http://www.stjohns.k12.fl.us/planning/> and a school assessment calendar is available at each school.

2016-2017 District Assessments in High School

Courses	Semester 1	District Common Midterm	Semester 2	State EOC	District Common Final
Assessed by FSA, AP, IB, AICE	Q1 = 50% Q2 = 50%	Used in Q2 grade	Q3 = 50% Q4 = 50%	n/a	n/a
Assessed by EOC -year-long courses	Q1 = 17.5% Q2 = 17.5%	Used in Q2 grade	Q3 = 17.5% Q4 = 17.5%	30% of final grade	n/a
HS Courses assessed by a Common District Final	Q1 = 45% Q2 = 45%	10% of Sem 1	Q3 = 45% Q4 = 45%	n/a	10% of Sem 2
HS courses that are a 90 minute block (A1A, PMHS, PVHS) – course earns 1 credit but is completed in semester 1	Completed in Q1=90%	10% of Sem 1	Completed in Q2=90%	n/a	10% of Sem 2
HS courses that are a 90 minute block that trigger a State EOC (A1B, PVHS-A2) year-long course – course earns 1 credit in semester 2	Completed in Q3=30%	Used in first semester grade	Completed in Q4=35%	30% of final grade	n/a

Advanced Academic Opportunities in High Schools

Each St. Johns County high school offers Academically Challenging Curriculum to Enhance Learning (ACCEL) options: whole-grade and mid-year promotion, subject matter acceleration, virtual instruction in higher grade-level subjects, early graduation, early admission to college and the Credit by Acceleration Program. These options include both challenging academic programs recognized worldwide and advanced courses for which college credit is awarded upon successful completion of coursework and examinations. A rigorous high school schedule that includes advanced coursework is a major predictor for success in college. Numerous studies show that students who have had rigorous courses (honors, AP, IB, AICE, Dual Enrollment) while in high school are prepared for the challenges of a college education and are much more likely to earn their degree within five years.

Parents need to be involved in the course selection process. The courses you and your child select are the first steps in preparing for the next level. As students develop their Customized Learning Paths (CLPs) with their parents and guidance counselors, they are encouraged to consider the following opportunities for advancement.

Honors Courses at All High Schools

Honors courses lay the academic foundation for advanced courses that can earn college credit while in high school. Honors courses include all those with an honors designation in the St. Johns County School District High School Course Catalog, Preliminary International Baccalaureate (Pre-IB) and Preliminary Advanced International Certificate of Education (Pre-AICE) courses, and Florida Virtual School Courses with an honors designation.

Honors Course Placement Criteria

1. **Norm Referenced Test** – Students must score a stanine of 7, 8, or 9 on an appropriate assessment:
 - Math for mathematics and science honors class placement
 - Reading for English, social studies and foreign language honors class placement**OR**
2. **Grades** - A grade of “C” or better in the previous honors course. Students earning an “A” in the previous standard course may be recommended for honors course placement. Teachers will conference with students to offer guidance for appropriate placement
OR
3. **FSA** – Students must score a Level 4 or 5 in appropriate area and not less than a Level 3 in any area:
 - Mathematics and reading FSA for placement in honors mathematics and science classes
 - Reading FSA for placement in honors English, social studies or foreign language**OR**
4. **PSAT** – A score of 48 or higher on the appropriate assessment:
 - Math for mathematics and science honors class placement
 - Reading and/or language for English, social studies and foreign languages honors class placement**OR**
5. **PLAN**- A score of 170 (English), 210 (mathematics) or higher on the appropriate assessment:

- Math for mathematics honors class placement
- Reading and/or language for English, social studies, and science and foreign languages honors class placement

OR

In the case of extenuating circumstances, petition may be made on a case-by-case basis to the principal (or designee) for review of criteria to ensure proper course placement.

Advanced International Certificate of Education (AICE) at St. Augustine High School

The AICE Program is a rigorous international curriculum and examination program modeled on the British pre-college curriculum. To be considered for an AICE Diploma, a candidate must earn the equivalent of six credits by passing a combination of examinations at either the full (one credit) Advanced Subsidiary Level (AS) or double (two credits) International Advanced Level (A), with at least one course coming from each of the three curriculum areas. Florida’s colleges and universities provide college credit for successfully passing the exams. [See Programs of Choice on page 32.](#)

College-Level Examination Program (CLEP)

College-Level Examination Program (CLEP) exams test mastery of college-level material acquired in a variety of ways – through general academic instructions, significant independent study or extracurricular work. Students can earn credit for what they already know by getting qualifying scores on any of the 33 examinations available. Students are responsible for the CLEP expense and any administrative fees.

International Baccalaureate (IB) at Allen D. Nease High School and Pedro Menendez High Schools

The IB Diploma Program is a rigorous pre-university course of study leading to internationally standardized tests. The program’s comprehensive two-year curriculum allows its graduates to fulfill requirements of many nations’ education systems. Students completing IB courses and exams from six subject groups are eligible for college credit. The award of credit is based on the scores achieved on the IB exams. Students can earn up to 30 postsecondary semester credits by participating in this program at the high school level. Community service is required. [See Programs of Choice2.](#)

Pre-International Baccalaureate Program at Allen D. Nease and Pedro Menendez High Schools

The Pre-IB program is the freshman and sophomore foundation courses in the rigorous IB program. The curriculum emphasizes an understanding of world cultures, analysis, and critical thinking. [See Programs of Choice.](#)

Advancement Via Individual Determination (AVID) at Bartram Trail, Pedro Menendez, and St. Augustine High Schools

The AVID program is a college preparatory program designed for students to prepare for and succeed in the most rigorous course work. The core component of the program is the AVID "elective" where students receive instruction in academic “survival skills” and skills for college success. The AVID

program teaches the student how to study, read for content, take and use Cornell notes, manage time and most importantly, think critically. AVID students participate in tutorials twice per week, led by college tutors, during the AVID elective, who use skillful questioning to bring students to a higher level of thinking.

Dual Enrollment at all schools

Dual enrollment allows eligible middle and high school students to enroll in postsecondary courses. They earn credit toward high school graduation and at the same time earn credit toward a college degree or technical certificate. Our primary provider of dual enrollment courses is St. Johns River State College. Students are permitted to enroll in dual enrollment courses on a part-time basis during school hours, after school, or during the summer term. Most dual enrollment courses are offered through St. Johns River State College.

Early Admission at all schools

Early admission is similar to dual enrollment, except that qualified students enroll in college/university courses full-time during their last year in high school. They earn credits simultaneously toward a college degree and a high school diploma.

Advanced Placement (AP) Courses at all schools

The College Board's Advanced Placement (AP) Program is a nationwide program consisting of more than 30 college level courses and exams offered at participating high schools. Subjects range from art to statistics. Students who earn a qualifying grade of 3 or above on an AP exam may earn college credit, placement in higher level courses or both, depending on the college or university. There is no guarantee that a college will accept credits earned through this program.

St. Johns Virtual School

St. Johns Virtual School (SJVS) offers high quality, online K-12 curriculum, including Advanced Placement (AP) courses, all taught by local St. Johns County teachers. Offerings are available for full or part-time students in grades K-12, culminating in a St. Johns County diploma. SJVS can be a resource for students with limited access to AP or other course offerings in their zoned schools. Students can even take SJVS courses in labs during the school day. For more information, visit <http://www-sjvs.stjohns.k12.fl.us> or call 904-547-8086.

Programs of Choice

Multi-year Programs of Choice such as Career Academies, Center for the Arts, and Advanced Academic Programs such as International Baccalaureate (IB) or Advanced International Certificate of Education (AICE), are accessed through an application process. An out-of-zone waiver is granted for students to attend programs outside their normal attendance zone. Please note that when a student attends an out-of-zone school, parents/guardians are responsible for transportation of their student.

Junior Reserve Officer Training	High School
Air Force JROTC	Bartram Trail High School
Army JROTC	St. Augustine High School
Navy JROTC	Allen D. Nease High School

Advanced Academics	High School
Advanced International Certificate of Education (AICE)	St. Augustine High School
International Baccalaureate (IB)	Allen D. Nease High School
International Baccalaureate (IB)	Pedro Menendez High School

Career Academies	High School
Communications Academy	Allen D. Nease High School
Stellar Academy of Engineering	Allen D. Nease High School
Academy of Hospitality and Tourism	Allen D. Nease High School
Design Academy	Bartram Trail High School
VyStar Academy of Business & Finance	Bartram Trail High School
Academy of Information Technology	Bartram Trail High School
Academy of Emerging Technology	Creekside High School
Academy of Engineering and Environmental Sciences	Creekside High School

Academy of International Business and Marketing	Ponte Vedra High School
St. Johns County Aerospace Academy	St. Augustine High School
St. Johns County Center for the Arts	St. Augustine High School
St. Johns County Academy of Future Teachers	St. Augustine High School
Academy of Coastal and Water Resources	St. Johns Technical High School
Academy of Culinary Arts	St. Johns Technical High School

In St. Johns County, the seven high schools offer 19 career academies aligned with the region’s high-skill, high-wage industries. Career academies are small, personalized learning communities within a high school. Students must apply to be part of an academy and be accepted with parental knowledge and support. Every career academy includes these essential elements: a small learning community; a rigorous, college-prep curriculum with a targeted career theme; relevance reinforced in each program through well established relationships with business partners; and the opportunity to earn college credit and/or industry certifications. Many of our career academies focus on STEM (science, technology, engineering and math) education. STEM-driven curriculum addresses the need for greater diversity in the 21st century workforce by transforming the typical teacher-driven classroom into a problem-solving, exploratory classroom, requiring students to participate in real-world lessons that make connections between school, community, work and global enterprise. Research shows students entering career academies do better in school, have higher college enrollment rates and earn more money than non-career academy students. If your child chooses to enroll in a career academy, he/she may earn college credit through partners such as Embry-Riddle Aeronautical University, University of North Florida, St. Johns River State College, or Florida State College at Jacksonville - all at *no cost* to the student.

Middle School STEM Academies – Several middle schools offer a career academy high school course to 8th grade students entitled Digital Information Technology. This course is the first course for five Career Academies and satisfies the Practical Arts requirement for graduation. Students select this course as one of their elective options.

For more information, application process and dates to apply for an Academy or Program of Choice, please visit: <http://academies.stjohns.k12.fl.us>.

Experience. The Difference.

Promotion Requirements

The promotion requirements for students in St. Johns Public Schools can be found in detailed form in the St. Johns County School District *Student Progression Plan* at <http://www.stjohns.k12.fl.us/cs/spp>.

Elementary School (grades K-2)

Promotion in grades K-2 is based primarily on progress in reading. Students must make satisfactory progress in the benchmarks of the Florida Standards for English Language Arts to be promoted. Each student's reading progress toward grade level reading achievement is determined by appropriate assessments, both teacher-made and commercial, and teacher judgment.

Discovery Education's diagnostic assessment will be administered to kindergarten through second grade students. This assessment will determine which students are in need of additional instruction in reading. Each such student shall be referred to the school's Multi-Tier Support System (MTSS) Team or its equivalent for review of the student's progress and portfolio. The MTSS Team or its equivalent shall review the student's records and determine whether the preponderance of evidence indicates that the student should be promoted.

Promotion of Students (grades 3-5)

A student in grades 3, 4 or 5 who scores Level 1 or Level 2 on the Florida Assessment in reading, and/or Level 1 or 2 in mathematics is considered to be below grade level. Each such student shall be referred to the school's Multi-Tier Support System (MTSS) Team or its equivalent for a comprehensive review of the student's academic achievement. The MTSS Team or its equivalent shall review the student's records and determine whether the preponderance of evidence indicates that the student should be promoted.

To be promoted in grades 3-5, a student must demonstrate mastery of grade level benchmarks in language arts, mathematics, and science.

The principal (or designee) may recommend promotion for a student in grades 3-5 not passing the grade level course in language arts, mathematics, or science, if the student demonstrates mastery of language arts/reading, mathematics, and/or science by achieving a score of Level 3 or above on the Florida Assessment in reading and/or mathematics and the preponderance of evidence indicates that the student is ready for the work of the next grade level.

In instances where curriculum has been suspended in certain core academic subjects to allow for intensive remediation in reading and/or mathematics, the principal (or designee) makes the determination for promotion based on demonstrated student mastery of appropriate benchmarks.

State law mandates that a grade 3 student who scores a Level 1 on the Florida Assessment in reading be retained, unless he/she qualifies for one of seven Good Cause Exemptions. For more comprehensive information on promotion and retention, especially for grade 3 students, please refer to the elementary section of the St. Johns County Student Progression Plan at <http://www.stjohns.k12.fl.us/cs/spp>.

Florida Law, Section 1008.22 (3) Promotion requirements for third grade students:

- The requirement in [Section 1008.25\(5\)\(b\)](#): To be promoted to grade 4, a student must score a Level 2 or higher on the statewide, standardized English Language Arts assessment required under 1008.22 F.S.

- An additional option approved by the State Board of Education in Rule 6A-1.094221 (a): Scores at or above the 45th percentile on the Reading SAT-10.
- Completes the state provided portfolio assessments at or above 70% mastery.

There are no other options approved in state law or rule for students.

If a 3rd grade student refuses to participate or a parent refuses to allow his/her student to participate in the state required assessment program, the Reading SAT 10, and complete the portfolio assessments, it will be necessary for the student to be retained in 3rd grade.

Middle School (grades 6-8)

Promotion from a school composed of middle grades 6, 7, and 8 requires that the student must successfully complete academic courses as follows:

1. Three middle school or higher courses in language arts, which emphasize literature, composition, and technical text
2. Three middle school or higher courses in mathematics
3. Three middle school or higher courses in social studies, one semester of which must include the study of state and federal government and civics education
4. Three middle school or higher courses in science
5. One internet-based course in career and education planning which assists students to identify educational and career options
6. The equivalent of one year of physical education

A student in grades 6, 7 or 8 is considered to be below grade level if he/she scores Level 1 or Level 2 on the Florida Standards Assessment in reading and/or mathematics.

High School (grades 9-12)

Promotion of high school students is dependent on the awarding of credit. To be classified a sophomore, a student must have a minimum of five credits; to be classified a junior, a student must have a minimum of eleven credits; to be classified a senior, a student must have a minimum of seventeen credits. Students may graduate early by completing the 24 credits required for a standard diploma in less than 8 semesters or by completing the 18 credit Acceleration Diploma option. Specific graduation requirements by 9th grade cohort group is available at <http://www.fldoe.org/academics/graduation-requirements>.

Required Credits:

	End of Academic-Year
Total credits to graduate	18 or 24*
Credits to become a senior	17
Credits to become a junior	11
Credits to become a sophomore	5

*Depending on diploma option selected.

Grading and Reporting

Report cards provide the student and the student's parent or guardian with an objective evaluation of scholastic achievement with indicators of progress. Report cards depict and evaluate the student's:

- academic performance in each class or course in grades K through 5 based on examinations as well as other appropriate academic performance items
- performance at his or her grade level
- conduct and behavior and
- attendance, including absences and tardies

All schools use the district's approved report card as the primary means of reporting student progress (See sample report cards in the appendix). Report cards are issued at the end of each grading period on dates adopted annually for the official school year calendar (see page 62). Grades are issued to all students in attendance. Students transferring into the district after the midpoint of a reporting period may be assigned grades based on records/grades from the sending school.

Report cards for grades K-2 indicate if a student is working on or below grade level. Report cards for grades 3-5 indicate if a student is working on, above or below grade level.

Students Working on Grade Level in Grades K-5

Report card grades reflect the student's mastery of state standards. Satisfactory grades in the general program indicate acceptable level of mastery of the majority of grade level standards for that point in the year.

Interim Progress Reports

Interim progress reports are issued to all students in grades 1-12 at the midpoint of each regularly established grading period on dates adopted annually for the official school calendar. Interim reports may be done via parent or guardian conferences as well as through reporting forms.

GRADING SCALE FOR GRADES 3 - 12		
Grades	Descriptor	GPA Unweighted Value (High School Only)
A = 90 - 100	Outstanding Progress	4.0
B = 80 - 89	Above Average Progress	3.0
C = 70 - 79	Average Progress	2.0
D = 60 - 69	Lowest Acceptable Progress	1.0
F = 0 - 59	Failure	0
I = 0	Incomplete	0

Middle School Grade Calculation

Calculation of the final grade for all students enrolled in courses which require an EOC assessment will include 30% for the EOC and 17.5% for each quarter.

For courses with a state FSA or Statewide Science Assessment, the semester one grade is determined on a 50-50 basis, 50% for quarter one and 50% for quarter two. The semester two grade is determined on a 50-50 basis, 50% for quarter three and 50% for quarter four.

For all other year-long courses, the semester one grade is determined on a 47.5-47.5-5 basis, 47.5% for quarter one and 47.5% for quarter two, and 5% for the midterm exam. The semester two grade is determined on a 47.5-47.5-5 basis, 47.5% for quarter three and 47.5% for quarter four, and 5% for the final exam. (See the table on page 22)

For additional information on high school grade averaging, grade weighting and grade calculation, see the Student Progression Plan at <http://www.stjohns.k12.fl.us/cs/spp>

High School Grade Calculation

Calculation of the final grade for all students enrolled in courses which require an EOC assessment will include 30% for the EOC and 17.5% for each quarter.

For courses with a state FSA assessment or third party final exam, the semester one grade is determined on a 50-50 basis, 50% for quarter one and 50% for quarter two. The semester two grade is determined on a 50-50 basis, 50% for quarter three and 50% for quarter four.

For all other year-long courses, the semester one grade is determined on a 45-45-10 basis, 45% for quarter one and 45% for quarter two, and 10% for the midterm exam. The semester two grade is determined on a 45-45-10 basis, 45% for quarter three and 45% for quarter four and 10% for the district final exam.

For additional information on high school grade averaging, grade weighting and grade calculation, see [Assessments in High School](#) and the Student Progression Plan at <http://www.stjohns.k12.fl.us/cs/spp>.

Summer Programs

Summer Reading Program

- REQUIRED for 3rd graders scoring at Level 1 on the Florida Assessment in reading
- Best-practice reading instruction by highly qualified teachers
- Five days per week
- Transportation provided

Algebra Summer Program

- Available for students who did not pass the state Algebra 1 end-of-course (EOC) assessment during the school year
- Five days per week, 3 weeks
- Transportation provided
- Opportunity to re-take EOC at conclusion of program
- Students who complete the course work and attendance requirement earn ½ credit elective and may qualify for grade forgiveness

Extended School Year

- For students with disabilities who have an Individual Education Plan (IEP) indicating that extended school year services are necessary to allow the student to benefit from his/her school year instructional program or to prevent significant regression
- Instruction by highly qualified instructors in a variety of service delivery models to meet the needs of individual students
- Transportation provided

Virtual Options

- Study Island is available for students K – 12 for extra practice or new learning
- St. Johns Virtual School and Florida Virtual School offers summer courses for acceleration or credit recovery
- Plato online course recovery is offered for grades 6 -12 students
- Type-to-Learn is available for all K-8 students

Available Services

Head Start

The SJCSO Head Start Program provides high quality early education program to eligible three and four year olds along with family support services. Head Start students receive many comprehensive services including educational, dental, mental health, disabilities, health, nutrition, and family support services. Head Start is a full school day program and is located at The Webster School, Crookshank Elementary, Osceola Elementary and South Woods Elementary. Please contact the Head Start Office at 904-547-8965 for additional information.

Extended Day

Extended Day is offered at most elementary schools, K-8 schools, and select middle schools by either the school or other community agencies such as the YMCA. Before and after school care is available for students K-5. Please check with each individual K-8 and middle school for program times and grades served. These programs are 100% self-supportive and do not receive funds by District, State, or Federal agencies. These programs are a community service and pricing will differ from school to school. Contact your child's school for details on their Extended Day Program.

Title I

Title I (Improving the Academic Achievement of the Disadvantaged) is the largest federally funded aid program serving students in elementary and secondary schools. Title I funding provides supplemental academic services to students enrolled in high-poverty schools and institutions within St. Johns County. For more information, please call 904-547- 4861. You may also access the website at <http://www.stjohns.k12.fl.us/federal/>.

Voluntary Pre-Kindergarten

The SJCSO VPK Program is available at 14 of our elementary schools. The VPK program is a high quality educational program with an early literacy focus funded by the state of Florida. It is free for all children who are four years of age on or before September 1 of the school year. Children are eligible for the VPK program during either that school year or the following school year. The child remains eligible until the child is admitted to kindergarten or is six years old by February 1st of the school year. Children may utilize the VPK program once during their academic career. VPK provides 540 hours of instruction for three hours per day from 8:30 a.m. until 11:30 a.m. Monday through Friday throughout the school year at no cost to the parent. Extended additional care is available by all school district providers at a reasonable cost.

St. Johns County School District offers three VPK programs: Pre-K ESE & VPK, Head Start & VPK, and Stand-Alone VPK. For more information, please contact VPK Manager Donna Fenech at 547-4897 or call your child's home zoned school.

Full Service Schools

Full Service Schools is a collaborative program with local community partners. It is designed to promote positive mental, emotional, physical and social health services for faculty, students and families in Full Service School sites. The current sites are Crookshank, Osceola, Webster and South Woods Elementary Schools. Services include, but are not limited to:

[Return to Table of Contents](#)

counseling, health screenings, dental services, vision evaluations with follow up, nutrition programs, and social services referrals. For information, please contact Jan Caban at 904-547-7587.

Homeless

If, due to a loss of housing, you must live in a shelter, motel, vehicle, or campground; on the street; in abandoned buildings; or doubled-up with relatives or friends; then you may be eligible to receive services provided under the McKinney-Vento Homeless Assistance Act. For more information, please contact Chris Stone, district homeless liaison at 904-547-7589.

Placement of Dependent Children of Active Duty Military Personnel

Dependent children of active duty military personnel moving into the district outside of normal application periods who otherwise meet the eligibility criteria for special academic programs shall be given special consideration for admission. Florida is a participant in the Interstate Compact on Educational Opportunity for Military Children. The purpose of the Compact is to remove barriers to educational success imposed on children of military families. Further information is available from the Department of Student Services at (904) 547-7598.

More services available to parents:

Please contact your school's guidance counselor or the school's front office for information on the following:

- Mentoring services that may be offered at your child's school
- Student counseling services
- Academic advice for your child
- After school programs
- The school's annual report
- An explanation of the student's progress report, the FCAT 2.0, and other assessments
- Promotion requirements
- Home Access Center – a web based application that allows parents to view their child's educational information via a secure password-protected website. More details can be found at <https://parents.stjohns.k12.fl.us>. (See page 59 for an overview of the program).

Food Service

Meal Prices for 2016-2017:

Elementary Breakfast	\$1.25
Elementary Lunch	\$2.70
Secondary Breakfast	\$1.25
Secondary Lunch	\$2.85
Extra Milk	\$.60
Adult Breakfast	\$1.60
Adult Lunch	\$3.75
Reduced Price Breakfast	\$.30
Reduced Price Lunch	\$.40

- **NOTE: There may be some price changes. Please refer to the District website where current prices are posted.**

Menus:

Menus can be accessed by logging onto your student's school website or online, www.stjohns.k12.fl.us, under the section "Families" titled Student Health & Nutrition
► *Breakfast and Lunch Menus.*

How do students access their meal account at school?

All students will receive a personal identification number (PIN) for their meal account from the food service manager at school start up. Your student should memorize this number and not share with any other students as this number is directly tied to their personal account. When the student moves to a new school within the District, a new number is assigned. Student Identification scanners are used at some of the elementary, middle and high schools. Student ID badges with bar codes are scanned to access the student's account. Please check with your student.

Forgot your lunch money?

Each school has a policy established by the principal and the food service manager in the event that the student has a zero account balance. In most cases students will be allowed to charge up to one meal. Please check with your student's school for their policy. There will be no charging of any a la carte food items

Meal Charges

Notes are sent home with elementary students informing parents if a payment is due for an outstanding account balance. Middle and high school students are verbally instructed by the cashier to bring in money the next day.

Free and Reduced Price Meal Application

Parents are encouraged to complete a Free and Reduced Meal Application online. Online applications are available at <http://www.stjohns.k12.fl.us/food/free/>. Once processed at the District Office, an eligibility determination is made and a letter is mailed to the address on the application. Application forms are also available at each school or may be printed off the District website and returned to the school upon completion, or mailed to the District Food & Nutrition Services Office. ***Until the application is processed at the central office, all student meal charges (debt) will be the responsibility of the parent/guardian for payment.***

[Return to Table of Contents](#)

Prepayment for Food Items

Prepayments to your child's meal account can be made using credit card can be made. Log onto www.payPAMS.com or call 1-888-994-5100. There is a \$1.95 service charge per transaction. Payment in form of check or cash can also be sent to the school food service manager. If a check is used, please indicate students' name and student personal identification number (PIN) on the check in the memo section.

Food Allergies

If your child has food allergies, please provide the school nurse with a physician's note indicating the allergies and the appropriate substitutions that are recommended by the physician or medical authority.

Parental Restrictions

Restrictions can be placed on your student's meal account by notifying the food service manager in writing. Once restrictions are placed, they cannot be removed unless the parent provides the food service manager with a letter asking for the restrictions to be removed.

Communication with Food Service Manager

Inquiries regarding your student(s) meal account should be made prior to or immediately after meal service. Please check with your school to determine the best time to contact the food service manager in the event that you have questions.

Refunds

Refunds are addressed at the school level and require a written request. Please contact the food service manager for a refund.

Account Balances

Student account balances can be obtained on the web site www.payPAMS.com at no charge. Your student's account balance from the previous school year will roll into the new school year.

Transportation

Did you know that the familiar yellow school bus is the safest way to and from school? Each year approximately 800 school-age children are killed in the United States during school transportation hours while walking, bicycling, and riding in smaller passenger vehicles. Only about two percent of the total deaths occur in or around school buses.

Safety is the prime concern of the St. Johns County School District Transportation Department. Together with The Florida Department of Highway Safety and Motor Vehicles, the following guidelines for both motorists and students were developed.

Drivers

- ➔ *Avoid Harm. Obey the Stop Arm* reminds motorists to never attempt to pass a bus when it is stopped or preparing to stop.
- ➔ Leave adequate space between your vehicle and the bus.
- ➔ Stop if you are moving in the same direction as a stopped bus.
- ➔ Remain stopped until the bus turns off the red student lights and withdraws its stop sign.
- ➔ Be on the lookout for kids around school bus loading and unloading areas.
- ➔ Obey all traffic signs and signals.
- ➔ Pay attention; avoid distractions.
- ➔ Do your part to make every school crossing a safe place for children to walk.
 - Pay attention to speed limits, school crossing guards and unpredictable children, since these situations may require you to reduce your speed or stop.
 - When children (walking, bicycling or skating) or school crossing guards are present in a crosswalk, motorists must yield or stop at the marked stop line and without stopping in the crosswalk. It is the motorist's responsibility to avoid colliding with pedestrians.

At the Bus Stop, students should:

- ➔ Always walk to the bus stop. Never run. Plan to arrive at the bus stop at least five minutes prior to the bus stop time.
- ➔ Walk on the sidewalk. If there is no sidewalk, walk on the left facing traffic.
- ➔ Never speak to strangers at the bus stop or get into a stranger's car.
- ➔ Stand at least 12 feet off the roadway while waiting for the bus. When the bus arrives, watch for red flashing lights and the stop arm to extend. Wait for the bus operator's signal to cross the road and look left, right and left again before crossing the street.
- ➔ Buckle up if your school bus has safety belts.

For a complete list of bus routes, click on www.stjohns.k12.fl.us/transportation/routes. Any bus route questions or concerns can be emailed to: Al Pantano, al.pantano@stjohns.k12.fl.us or call 904-547-7810.

Suggestions to help children become better pedestrians and cyclists:

- Give your child only as much independence and responsibility as he/she can handle. Teach them constantly about the dangers around them.
- Each child is unique. Children of the same age may require different levels of supervision in traffic.
- Consider the limitations your child may have –vision, hearing, cognitive or judgmental limitations, or physical handicaps. These can influence his or her behavior in and out of traffic.
- Practice, practice, practice! Frequent supervised experiences will help children develop good safety habits.
- Teach your child the rules of walking and biking safely, but don't assume just because your child can verbalize the rules that he/she will follow them.
- Grant independence in small steps.

Set a good example! Follow appropriate safety practices and be a careful motorist.

Remember:

- A child's peripheral vision is two-thirds that of an adult.
- Children have difficulty determining where a sound is coming from and judging the speed of approaching vehicles.
- Most children lack a sense of danger. Children often mix fantasy with reality. They may see themselves with superhuman powers like a favorite book or TV character.
- Children are often restless and impatient. They have trouble waiting for traffic lights.
- Children believe that grownups will look out for them. If they see an adult in a car driving towards them, they assume the motorist can see them and will stop.
- Children are easily distracted and tend to focus on things that interest them at the moment...and forget about traffic.

Business and Community Partnerships

Investing in Kids (INK) is a public, non-profit corporation recognized as the direct support organization for the St. Johns county School District. INK's work directly benefits schools, educators and students within the community.

By promoting interest, involvement and investments, INK is able to assist in the enhancement of student achievement in St. Johns County. Our programs and events strive to provide the tools and resources that are necessary to help each child in our county reach their full potential.

If you would like more information on how you can help us impact students and teachers, please visit our website at www.ink-stjohns.org/ or call 904-547-7120.

The **Retired and Senior Volunteer Program (RSVP)** of St. Johns County provides meaningful opportunities for people 55 years of age and older to assist children and adults in their educational pursuits. RSVP volunteers serve in schools, the Head Start program, and select child care centers, providing reading tutoring, mentoring and other assistance. RSVP volunteers are also available to assist not-for-profit and social service agencies with special projects. The program also strives to place potential volunteers of any age in meaningful service to the community. For more information on this and other district based volunteer programs, please call 904-547-3945.

Qualifications of Teachers

The St. Johns County School Board worked to fill St. Johns County classrooms with the most professionally qualified and caring teachers available.

The district strives to have each teacher fully certified in all the classes/courses he/she teaches. At times, however, it is necessary to have a teacher teach a class/course “out of field.” If this occurs, you will be notified that your child’s teacher is currently out of field but working to become certified.

As a parent, you have the right to information regarding the professional qualifications of any teacher who is instructing your child. You may access such information by logging on the Florida Department of Education web site at <http://www.fldoe.org/teaching/certification/index.stml> selecting “Certificate Lookup.” You can look at the certificate of any Florida teacher on this site. If you do not have access to a computer, please contact your child’s school to obtain information.

How You Can Participate

Join a Group

- Each school has a School Advisory Council (SAC); parents are invited to become a member of this important group.
- Sign up as a member of your school's Parent Teacher Association or Organization (PTA/PTO). Please contact our school for details.

Volunteer or Mentor

To contact the School District volunteer services, call 904-547-3945. Parents may also contact the school for volunteer information.

Take a Class

Parents may take continuing education classes, learn to speak English, obtain a GED, or take parenting classes through the First Coast Technical College (FCTC) at 904-824-4401 or online at <http://fctc.edu/>. St. Johns County School District is now offering community education classes for adults. A variety of classes have ranged from art to yoga. Visit our website to see the next session offerings, dates, locations and cost at <http://communityed.stjohns.k12.fl.us/>.

Career Involvement (for businesses)

St. Johns County School District is committed to providing career development activities to all students from kindergarten to adult. The goal is to provide a variety of career awareness and exploration activities while promoting rigorous coursework and quality workplace experiences. To achieve this goal, the involvement of business partners, community leaders, parents, students, and educators is essential. For more information, please call 904-547-7730.

You Can Help

As a business and/or community leader, you can provide the opportunity for students to explore career options by providing career development activities. You can choose the intensity of involvement based on the length of time and depth of the activity.

Moderate Intensity Activities:

- **Tour of Business** exposes students to career opportunities at the workplace.
- **Career Presenter** share career goals and history with students while at school.
- **Job Shadowing** allows students to explore careers by “shadowing” employees at work.
- **Service Learning** provides students the opportunity to work at a community agency.
- **Educator in the Workplace** provides teachers with the opportunity to experience the skills and attitudes needed at the workplace for classroom application.
- **Mentoring** provides students with one-on-one contact with a professional in a chosen career (can also be a high intensity activity).

High Intensity Activities:

- **Internships**, On-the-Job (OJT) Training or Cooperative Education provide paid or unpaid class-related work experiences.
- **Apprenticeships** allow students to work with an experienced journeyman while acquiring job-related training in a high school setting.
- **Supported Employment** provides work-related opportunities for disabled persons.
- **Advisory Board Members** serve as resources in program development and provide continuous quality improvement.

Homework

The book *Classroom Instruction that Works: Research-Based Strategies for Increasing Student Achievement* by Robert Marzano, Debra Pickering and Jane Pollock identifies the nine instructional strategies that have a high probability of enhancing student achievement for students at all grade levels. Those strategies, in order of effectiveness, are the following:

1. Identifying similarities and differences
2. Summarizing and note taking
3. Reinforcing effort and providing recognition
- 4. Homework and practice**
5. Non-linguistic representations
6. Cooperative learning
7. Setting objectives and providing feedback
8. Generating and testing hypotheses
9. Questions, cues and advance organizers

As homework is one of the strategies proven effective in improving student achievement at certain grade levels, it is important to look at the recommendations of the research study as the findings, in many cases, differ from educators' perception of the role of homework in increasing student achievement in K-12.

The research study cites four generalizations that can guide teachers in the use of homework:

1. The amount of homework assigned to students should be different from elementary to middle to high school. According to the study, homework in high school produces a gain of about 24 percentile points, homework in the middle grades produces a gain of only 12 percentile points, and homework in the elementary grades has a strikingly small effect size of only six points. Despite the lack of effect size in elementary school, the book recommends that homework should be given, not because schools expect it to increase student achievement but rather because it helps younger students develop good study habits and communicates that learning takes place at home as well as at school. The following timeframe is recommended by Instructional Services for the total amount of homework per level: **10 minutes per grade level** – 1st grade, a total of 10 minutes, 2nd grade, a total of 20 minutes, 7th grade a total of 70 minutes, etc. Homework should have a specific purpose and connection to the topic(s) being studied and should be assigned **only when necessary** to provide practice or rehearsal or to prepare or elaborate/extend.
2. Parent involvement in homework should be kept to a minimum.
3. The purpose of homework should be clearly identified and articulated by the teacher to the student. Best practice includes two common purposes for homework (1) **practice/rehearsal** (2) **preparation or elaboration/extension**. When homework is assigned for the purpose of practice/rehearsal, it should be based on material with which the students are very familiar. When homework is assigned to help prepare students for new content, the teacher should carefully explain the purpose for the homework and make connections for the student.
4. If homework is assigned, it should be commented on. Providing feedback on homework serves to enhance student achievement. Research shows that when secondary teachers comment in writing on homework, there is a gain of the most percentile points; when homework is checked by the teacher, there is gain of almost the same number of percentile points; when homework is assigned but not checked or commented on, there is a minimal gain of percentile points.

Special Services Available

ESE

The mission of the St. Johns County Exceptional Student Education (ESE) Department is to identify exceptional students and to meet their educational needs by providing support and resources to enhance educational opportunities so they may become productive citizens. ESE programs and services address the unique needs of students who are gifted in kindergarten through 12th grade and those with mild, moderate and severe disabilities from age three until they graduate with a regular diploma, or until their 22nd birthday. ESE programs and services are designed to assist students in reaching their educational goals through the use of instructional and behavioral approaches which are evidence-based and exemplify best practices. Technology is used in many creative ways to meet student needs as well. ESE services are available at all district schools for students who have mild to moderate disabilities and those who are gifted. Students with more significant disabilities and prekindergarten students with disabilities are served in cluster programs at selected sites. Program support is provided to students, parents and school personnel by program specialists based at the district office. Students with disabilities who are not eligible for services through the ESE program, may be eligible for an accommodations plan under Section 504 of the Rehabilitation Act of 1973. For more information, contact the St. Johns County School District ESE department at 904-547-7672 or visit online: www.stjohns.k12.fl.us/depts/ese/.

Gifted Program

A student is eligible for special instructional programs for the gifted if the student meets the criteria:

1. The student demonstrates:
 - a. The need for a special program,
 - b. A majority of characteristics of gifted students according to a standard scale or checklist,
 - c. Superior intellectual development as measured by an intelligence quotient of two (2) standard deviations or more above the mean on an individually administered standardized test of intelligence.

OR

2. The student is a member of an underrepresented group and meets the criteria specified in an approved school district plan for increasing the participation of underrepresented groups in programs for gifted students. Underrepresented groups are students with limited English proficiency or students from low socio-economic status families.

For more information call the Gifted Program Office, 904-547-7712, or www.stjohns.k12.fl.us/ese/gifted/.

ESOL

The St. Johns County School District English for Speakers of Other Languages (ESOL) Program functions within regular schools and classrooms to provide eligible students with the opportunity to learn English while receiving equal access to content instruction in the Florida Standards. Students eligible for the ESOL Program are placed in appropriate grade level classes and courses, and their teachers use teaching and learning strategies to ensure comprehensible instruction. For more information, please visit online at <http://www.stjohns.k12.fl.us/esol>.

Teen Parent Program

The Teen Parent Program is designed for pregnant and parenting students. Students receive comprehensive and additional services to facilitate the completion of coursework necessary to earn a high school diploma. These services may include childcare, health services, social services, and transportation as needed. For more information, please contact Jan Caban at 904-547-7587.

What Parents Can Do to Help Their Students

Monitor and encourage school attendance: Regular attendance is a critical factor in school success because students are more likely to succeed in academics when they attend school consistently. All students who have reached the age of 6 years or who will have reached the age of 6 years by February 1 until the age of 16 years, are required to attend school regularly. Each parent of a child within the compulsory attendance age is responsible for their child's attendance as required by law. School district policy regarding excused and unexcused absences and truancy can be found on the Student Services Department website at <http://www.stjohns.k12.fl.us/student/>.

Know what your child is learning: The **Year-at-a-Glance** is a document that informs parents and students of the recommended pacing and content standards for selected courses. It includes the topics to be taught week by week each quarter and a list of instructional resources. The Year-at-a-Glance is only a recommended pacing guide; school leaders and teachers make the final decision regarding the pacing of any program of study. The classroom teacher is always the best source of information regarding content and pacing. The Year-at-a-Glance is supplied as a model of one recommended path to the completion of a course. You can view the Year-at-a-Glance for elementary and secondary core subjects at: <http://www.stjohns.k12.fl.us/year-at-a-glance/>.

Know where your child can get help – Use the FloridaStudents.org website: This site is new and specially designed for students and parents. It has over 2000 tutorials, videos, and other resources to support your child's learning in language arts, math, science and civics. To get help on a specific concept, just click on the subject, the grade level, and standard you need at: www.floridastudents.org/

Read to your child: Reading is the heart of education. Read to your child daily from a book that he/she cannot quite yet read on his/her own. For information on what to read to preschool, elementary, middle or high school students please read *The Read-Aloud Handbook* by Jim Trelease. A copy is available in each school library, and many schools also have a video presentation for parents.

Stay informed: Keep up with changes and what your children should be doing at the “Just of Parents” FLDOE website: <http://www.FLdoe.org/family/>.

Take your child to the library: St. Johns County has a main library located downtown, and five branches: Anastasia Island, Bartram Trail, Hastings, Ponte Vedra Beach, and the Southeast Branch. A bookmobile regularly visits communities located more than ten miles from a branch library. For a schedule and more information on the St. Johns County Public Library system, go to <http://www.sjcpls.org/>.

Encourage writing: Writing makes thinking easy to see. Write with your child and let him/her see you writing – shopping lists, thank you notes, to-do lists. Work with your child on his/her written assignments to add detail and to express ideas in order.

Make math part of your language: Your home is a great place to begin to explore and "talk" mathematics with your child. Incorporating math activities and language into familiar daily routines will show your child how math works in everyday life. Play board games, solve puzzles, and ponder brain teasers with your child. Your child will enjoy these kinds of activities while enhancing his or her mathematical thinking. Point out the mathematics involved, and have your child discuss the strategies he or she used. For more tips on helping your child succeed in mathematics, visit the National Council of Teachers of Mathematics at <http://www.nctm.org/Classroom-Resources/Browse-All/?cp=1&tx=6805%7C6806>.

Make science real: Science is all around us. Involve your child in gardening, caring for family pets, trips to the beach, looking at the stars in the night sky, conducting experiments, and other activities that can contribute to a love of science.

Take your child on a “field study”: There are 24 miles of beaches, and lots of history in our 450 year old city. Take your child to downtown St. Augustine and surrounding historical sites to help them imagine life long ago. Social studies opportunities surround us in St. Johns County. Our community is also full of artists – painters, sculptors, glass blowers, potters, and musicians. Local schools offer excellent fine arts programs, exhibits and performances for families to explore the arts together.

Get moving: Physical activity is important for good health. Walk, bike ride, surf or play ball with your child. Make it a point to do something active with him/her daily.

Encourage good eating habits: Mentoring is a one-to-one relationship between a caring adult and a student who could benefit from extra help and support. Mentoring has a proven record as a powerful factor in helping students improve their grades and self-esteem and in raising goals and expectations. Mentors serve as coaches, supporters, role models, and advocates and work closely with teachers and school staff. Parents interested in the possibility of having a mentor for their child should contact the school’s guidance counselor for more information.

Request a mentor: Mentoring is a one-to-one relationship between a caring adult and a student who could benefit from extra help and support. Mentoring has a proven record as a powerful factor in helping students improve their grades and self-esteem and in raising goals and expectations. Mentors serve as coaches, supporters, role models, and advocates and work closely with teachers and school staff. Parents interested in the possibility of having a mentor for their child should contact the school’s guidance counselor for more information.

Communication

- **Reading and writing are built on a sea of talk:** Talk to your child as often as possible. Talk about his/her day, hopes, goals, and interests. Use interesting words as you talk. Play word games with your child.
- **Parent-Teacher Conferences:** One of the best ways to find out how your child is doing in school is through parent-teacher conferences. Your child's teacher may request to schedule a conference; however if you would like to speak to your child's teacher, you may call, write or e-mail the teacher to set one up. Please be flexible when scheduling a time. You will need to arrange to come to the school for the conference. Remember this is the opportunity for you to work with the teacher as a team. After the conference, follow up. Keep in touch. Talk to your child about the conference. Stress the positive things the teacher discussed and talk about suggestions for improvement.
- **Websites:** There is a wealth of information on each school's website. Get in the habit of checking it regularly for school and district updates. You can also find your child's teacher's e-mail address on the school's website.
- **Check Home Access Center:** Access at <https://parents.stjohns.k12.fl.us> to check grade, FCAT 2.0 scores, assignments and attendance. [See page 53 for more information.](#)
- **Visit <http://etc.usf.edu/flstandards/sss/> and <https://app1.fldoe.org/SuccessMeasures/Default.aspx>.** These are two websites where you will be able to learn more about Florida's standards and course requirements.
- **E-mail:** The best way to stay in touch with your child's teacher or school administrator!
- **Pay attention to what comes home in your child's backpack.**

Home Access Center

<https://homeaccess.stjohns.k12.fl.us>

St. Johns County School District has implemented a web-based service to parents of children attending any of the District's middle, high and elementary schools. Home Access Center (HAC) allows students and parents to view student's educational information. For some data elements, parents will be able to request changes.

When using HAC, you will be able to see:

- A calendar of significant events (assignments due, field trips, absences, etc.)
- Student's schedule of classes (not available during summer months)
- Detailed attendance and discipline information
- Homework assignments, tests and grades
- Current progress in each class (not available during summer months)
- Credits earned toward graduation
- Standardized Test Scores (FSA)
- Emergency contact information

Parents must have a username and password that is supplied from your child's school. You will be required to provide a photo ID to get a username and password.

Students will be assigned their own HAC accounts. Account information will be distributed to students at the school's discretion.

Available Resources

St. Johns County School District provides four programs for year-round use by your child, Study Island and Teachingbooks.net is available for grades K-12, Type-to-Learn is available for K-8 students and Plato is available for grades 6-12. Students have already been issued a username and password for each of these programs. If you have questions about logging in, please contact your child's teacher/school.

In addition, your child may benefit from taking a course through St. Johns Virtual School in the summer. You can work with your school counselor to select the appropriate course for either remediation, acceleration or enrichment.

Study Island

Study Island provides students with activities based on Florida's educational standards for most subjects and all grade levels, K-12. These activities give students an opportunity to practice those standards in a self-paced and web-based program. All students enrolled in SJCSJ have access at <http://www.studyisland.com>.

PLATO

Plato provides standards-based online learning by course 6-12, as well as SAT prep. Students may use this resource for extra practice or to preview the next level of course work.

Type-to-Learn 4

Type-to-Learn 4 builds critical 21st century skills for all keyboarding K-8 students. The program provides interactive activities and game learning to increase student engagement with the curriculum while practicing keyboarding skills. Visit the website at <http://ttl4.sunburst.com/>.

Teachingbooks.net

This online resource provides high quality, ready-to-use resources by book, author, illustrator, subject, series, award, or booklist. Parents may also browse to find dynamic connections to books and authors. Please contact the media specialist at your child's school for more information. Go to <http://teachingbooks.net/home>. Enter email address, and if prompted, Username: (leave blank), **Password:** StJohnsFL.

Khan Academy

Khan Academy is a non-profit educational organization that strives to provide a free, world-class education resource. The website provides short lectures and demonstrations videos on math, science, economics and finance, arts and humanities, computing, SAT Test Prep, and more: <https://www.khanacademy.org/>.

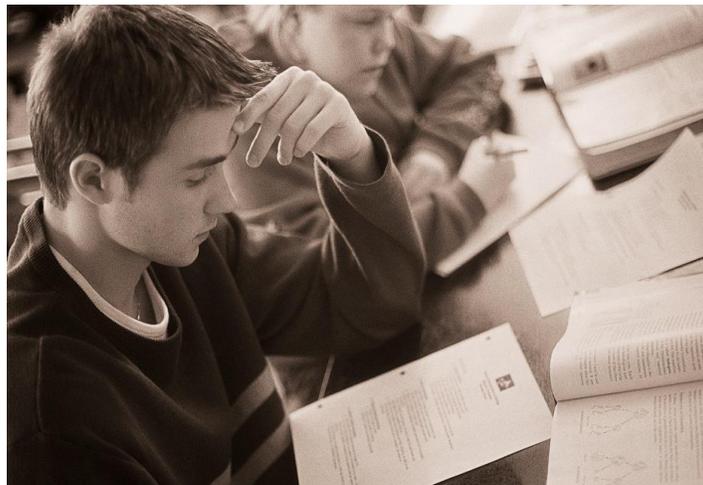

What Happens If My Child Falls Behind?

Our Multi-Tiered Support System (MTSS) is a process that provides intervention and educational support to all students at increasing levels of intensity based on their individual academic and behavioral needs. The goal is to recognize problems and intervene early so that students can be successful. All St. Johns County schools have MTSS teams that use a problem-solving method to quickly identify students who need assistance and provide necessary instruction immediately.

The MTSS process has three tiers that provide increasing levels of support:

- **Tier I includes high quality instruction.** The school provides all students with access to high quality curriculum, instruction, and behavior supports in the general education classroom.
- **Tier II includes additional targeted, supplemental instruction/interventions.** The school provides interventions to small groups of students who need more support than they are receiving through Tier I.
- **Tier III includes intensive interventions.** The school develops and implements interventions to meet the individual needs of students.

If your child is involved in the MTSS process, his or her progress is monitored and results are used to make decisions about additional instruction and intervention. You will be informed and involved in planning and providing interventions for your child. You will also receive frequent progress monitoring about how your child responds to the interventions provided. For more information, please contact the St. Johns County School District Intervention Services Department at 904-547-8911 or visit online: <http://www.stjohns.k12.fl.us/intervention>.

ST. JOHNS COUNTY SCHOOL DISTRICT
Master Calendar
2016-2017 School Year
Board Approved November 10, 2015

Tuesday	August 2, 2016	Optional Teacher Planning Day
Wednesday-Tuesday	August 3,4,5,8 and 9, 2016	Teacher Pre-Planning (Aug. 3 - Teacher Inservice Day)
Wednesday	August 10, 2016	Students Report to Class (Regular School Hours -Full Day)*
Monday	September 5, 2016	Labor Day- Student/Teacher Holiday ✓
Friday	October 14, 2016	First Quarter Ends
Monday	October 17, 2016	Teacher Planning Day-Student Holiday ✓
Friday	November 11, 2016	Veterans Day - Student/Teacher Holiday ✓
Wednesday - Friday	November 23-25, 2016	Thanksgiving Break - Student/Teacher Holiday ✓
Wednesday	December 21, 2016	Second Quarter/First Semester Ends (Wednesday, December 21*)
Thursday-Wednesday	Dec. 22, 2016-Jan. 3, 2017	Winter Break - Student/Teacher Holiday
Wednesday	January 4, 2017	Teacher Planning Day-Student Holiday ✓
Thursday	January 5, 2017	Classes Resume for Students/Second Semester Begins
Monday	January 16, 2017	Martin Luther King Day - Student/Teacher Holiday ✓
Friday	February 17, 2017	Teacher Inservice Day - Student Holiday ✓
Monday	February 20, 2017	Presidents Day - Student/Teacher Holiday ✓
Monday-Friday	February 27-March 10, 2017	FSA Writing (Grades 4-10)
Friday	March 10, 2017	Third Quarter Ends
Monday-Friday	March 13-17, 2017	Spring Break - Student/Teacher Holiday
Monday	March 20, 2017	Teacher Planning Day-Student Holiday
Tuesday	March 21, 2017	Classes Resume for Students
Monday-Friday	March 27 - May 5, 2017	FSA Testing (Reading, Math & Science)
Friday	April 14, 2017	Student /Teacher Holiday ✓
Wednesday	May 24, 2017	Last Day for Students*Fourth Quarter Ends
Thursday	May 25, 2017	Last Day for Teachers - Teacher Planning Day
Friday-Saturday	TBD	Graduations (Schools/Locations TBD)

***ALL Schools** will be dismissed **1 hour** early on Dec 21, 2016 and May 24, 2017

All Schools participate in a weekly early release on Wednesday: Elementary @1:50, Middle @1:00, High @ 2:45

Interims Issued: September 12, 2016	Report Cards: October 24, 2016
Interims Issued: November 16, 2016	Report Cards: January 20, 2017 (updated 5-9-16)
Interims Issued: February 8, 2017	Report Cards: March 27, 2017
Interims Issued: April 24, 2017	Report Cards: May 24, 2017 - Elementary only.*

***Secondary Report Cards: Notification will be made via District's mass notification system when final grades have been posted on HAC. (Delayed until state test scores are processed.)**

✓ Denotes hurricane make-up days

Optional planning day may "Flex" for any Planning Day or Post Planning day as pre-approved by Principal

CHARACTER COUNTS! In St. Johns County

Pillars of the Month

August – All Pillars October – Responsibility December – All Pillars February – Caring April – All Pillars
September – Fairness November – Citizenship January – Respect March – Trustworthiness May – Citizenship (Emphasis on Patriotism)

Florida Parent Checklist

The purpose of the Florida Parent Checklist¹ is to support parent's involvement in their child's educational progress by identifying actions and linking to resources² that:

- Strengthen the child's academic progress, especially in the area of reading;
- Strengthen the child's citizenship, especially social skills and respect for others;
- Strengthen the child's realization of high expectations and setting lifelong learning goals; and
- Emphasize communication between the school and the home.

ACADEMIC

- Support reading with age appropriate home activities.
- Ensure that your child has a consistent time and place to do homework.
- Ensure that your child has access to materials needed to complete assignments.
- Discuss school work regularly with your child.
- Attend workshops on helping your child at home.
- Visit the local library and encourage your child to check out books of interest.
- Read to/with your child on a daily basis.
- Set an example by reading in your home and discussing what you've read with your child.
- Ask your child to explain his/her math homework.
- Emphasize the importance of education and doing one's best in school.

CITIZENSHIP

- Teach and reinforce positive behaviors such as respect for self and others, hard work and responsibility.
- Ensure that your child has a regular routine.
- Encourage your child to accept responsibility for his/her actions.
- Ensure that your child is in attendance and on time to school each day.
- Monitor and promote your child's participation in extracurricular and after-school activities.
- Monitor your child's television viewing.
- Reinforce the school's behavioral expectations.

SCHOOL TO HOME COMMUNICATION

- Communicate regularly with your child's teacher(s) in person, by telephone, through email or writing.
- Prepare for and attend parent-teacher conferences and/or other individualized student meetings, such as Individualized Educational Plan (IEP) or Academic Improvement Plan meetings.
- Attend open houses, science fairs, plays and musical performances, field trips, sporting events, curriculum nights and other school activities.
- Volunteer in the school setting when possible.

¹ Reference Florida Statute 1002.23(3). The Florida Parent Checklist must be issued each school year to all parents of students in grades K-12. ² Resource links related to academics, citizenship, goal-setting, and communication should be considered as a guide to assist in the discovery of information to strengthen parental involvement.

Revised: 2/2016

Community Resources for Parents

Big Brothers/Big Sisters of St. Johns County

1400 Old Dixie Highway St., St. Augustine, FL 32084 904-829-9986

Web Site: <http://www.bbbsstjohns.org/>

Services: Mentoring

EPIC Community Services (dba EPIC Behavioral Healthcare)

1400 Old Dixie Highway, St. Augustine, FL 32084 904-829-2273

Web Site: <http://www.epicbh.org/>

Services: Intervention and prevention services, counseling, parent education, Big Brothers/Big Sisters mentoring programs

PACT Prevention Coalition of St. Johns County

1400 Old Dixie Hwy, Suite C, St. Augustine, FL 32084 904-829-6261

Web Site: <http://www.pactprevention.org>

Services: Opportunities for parents and students to become involved in the coalition's mission of preventing substance abuse in St. Johns County through actions to change our community together.

Parents Anonymous

909-621-6184

Web Site: <http://www.parentsanonymous.org/>

Services: Prevention education and supportive services for parents

St. Johns County Community Resource Center

904-209-6080

1955 US 1 South, Suite B, St. Augustine FL 32086

Web Site: <http://www.sjcfl.us/>

Services: Extensive community resource information including hotlines, community and recreational activities, counseling and therapeutic services, economic assistance, educational services, employment services, health/medical services, housing assistance, judicial/legal services, and transportation.

Youth Crisis Center

904-720-0002

3015 Parental Home Rd., Jacksonville, FL 32216

Web Site: www.youthcrisiscenter.org

Services: Safe shelter for at-risk children and youth, counseling for families in crisis.

Parental Information and Resource Centers

The Florida Parental Information and Resource Centers (PIRCs) federally funded project of the US Department of Education (USDE) since October, 2006. The Florida PIRCs plan to continue to keep their PIRC websites and electronic resources such as Tip Sheets and toolkits available to Florida's families. To view the latest PIRC Parent Notifications, please consult the PIRC website:

Students Entering Grade Nine in the 2013-2014 School Year

Academic Advisement Flyer—What Students and Parents Need to Know

What are the diploma options?

Students must successfully complete one of the following diploma options:

- 24-credit standard diploma
- 18-credit Academically Challenging Curriculum to Enhance Learning (ACCEL) option
- Advanced International Certificate of Education (AICE) curriculum
- International Baccalaureate (IB) Diploma curriculum

What are the state assessment requirements?

Students must pass the following statewide assessments:

- Grade 10 ELA (or ACT/SAT concordant score)
- Algebra I end-of-course (EOC) or a comparative score on the Postsecondary Education Readiness Test (P.E.R.T.)

Students must participate in the EOC assessments and the results constitute 30 percent of the final course grade. These assessments are in the following subjects:

- Algebra I*
- Geometry*
- U.S. History
- Biology I
- Algebra II (if enrolled)*

* Special Note: Thirty percent not applicable if enrolled in the 2014-2015 school year.

What is the credit acceleration program (CAP)?

This program allows a student to earn high school credit if the student passes a statewide course assessment without enrollment in the course. The courses include the following subjects:

- Algebra I
- Geometry
- U.S. History
- Biology I
- Algebra II

What are the graduation requirements for students with disabilities?

Two options are available only to students with disabilities. Both require the 24 credits listed in the table and both allow students to substitute a career and technical (CTE) course with related content for one credit in ELA IV, mathematics, science and social studies (excluding Algebra I, Geometry, Biology I and U.S. History).

- Students with significant cognitive disabilities may earn credits via access courses and be assessed via an alternate assessment.
- Students who choose the academic and employment option must earn at least .5 credit via paid employment.
- Certain students may earn a special diploma.

What are the requirements for the 24-credit standard diploma option?

4 Credits English Language Arts (ELA)
<ul style="list-style-type: none"> ▪ ELA I, II, III, IV ▪ ELA honors, Advanced Placement (AP), Advanced International Certificate of Education (AICE), International Baccalaureate (IB) and dual enrollment courses may satisfy this requirement
4 Credits Mathematics
<ul style="list-style-type: none"> ▪ One of which must be Algebra I and one of which must be Geometry ▪ Industry certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra I and Geometry)
3 Credits Science
<ul style="list-style-type: none"> ▪ One of which must be Biology I, two of which must be equally rigorous science courses. ▪ Two of the three required credits must have a laboratory component. ▪ An industry certification that leads to college credit substitutes for up to one science credit (except for Biology I) ▪ An identified rigorous computer science course with a related industry certification substitutes for up to one science credit (except for Biology I)
3 Credits Social Studies
1 credit in World History 1 credit in U.S. History .5 credit in U.S. Government .5 credit in Economics with Financial Literacy
1 Credit Fine and Performing Arts, Speech and Debate, or Practical Arts[†]
1 Credit Physical Education[†]
To include the integration of health
[†] Special Note: Eligible courses and eligible course substitutions are specified in the Florida Course Code Directory at http://www.fldoe.org/policy/articulation/ccd .
8 Elective Credits
1 Online Course
Students must earn a 2.0 grade point average on a 4.0 scale.

What are the requirements for standard diploma designations?

Scholar Diploma Designation
<p>In addition to meeting the 24-credit standard high school diploma requirements, a student must</p> <ul style="list-style-type: none"> ▪ Earn 1 credit in Algebra II; ▪ Earn 1 credit in statistics or an equally rigorous mathematics course; ▪ Pass the Biology I EOC; ▪ Earn 1 credit in chemistry or physics; ▪ Earn 1 credit in a course equally rigorous to chemistry or physics; ▪ Pass the U.S. History EOC; ▪ Earn 2 credits in the same world language; and ▪ Earn at least 1 credit in AP, IB, AICE or a dual enrollment course. <p>A student is exempt from the Biology I or U.S. History assessment if the student is enrolled in an AP, IB or AICE Biology I or U.S. History course and the student</p> <ul style="list-style-type: none"> ▪ Takes the respective AP, IB or AICE assessment; and ▪ Earns the minimum score to earn college credit.
Merit Diploma Designation
<ul style="list-style-type: none"> ▪ Meet the standard high school diploma requirements ▪ Attain one or more industry certifications from the list established (per section 1003.492, Florida Statutes[F.S.]).

Can a student who selects the 24-credit program graduate early?

Yes, a student who completes all the 24-credit program requirements for a standard diploma may graduate in fewer than eight semesters.

What is the distinction between the 18-credit ACCEL option and the 24-credit option?

- 3 elective credits instead of 8
- Physical education is not required
- Online course is not required

All other graduation requirements for a 24-credit standard diploma must be met (per s. 1003.4282(3)(a)-(e), F.S.).

Where is information on Bright Futures Scholarships located? The Florida Bright Futures Scholarship Program rewards students for their academic achievements during high school by providing funding to attend a postsecondary institution in Florida. What are the public postsecondary options?

State University System
<p>Admission into Florida’s public universities is competitive. Prospective students should complete a rigorous curriculum in high school and apply to more than one university to increase their chance for acceptance. To qualify to enter one of Florida’s public universities, a first-time-in-college student must meet the following minimum requirements:</p> <ul style="list-style-type: none"> ▪ High school graduation with a standard diploma ▪ Admission test scores ▪ 16 credits of approved college preparatory academic courses ▪ 4 English (3 with substantial writing) ▪ 4 Mathematics (Algebra I level and above) ▪ 3 Natural Science (2 with substantial lab) ▪ 3 Social Science ▪ 2 World Language (sequential, in the same language) ▪ 2 approved electives <p>http://www.flbog.edu/forstudents/planning</p>
The Florida College System
<p>The 28 state colleges offer career-related certificates and two-year associate degrees that prepare students to transfer to a bachelor’s degree program or to enter jobs requiring specific skills. Many also offer baccalaureate degrees in high-demand fields. Florida College System institutions have an open door policy. This means that students who have earned a standard high school diploma, have earned a high school equivalency diploma or have demonstrated success in postsecondary coursework will be admitted to an associate degree program.</p> <p>http://www.fldoe.org/schools/higher-ed/fl-college-system/index.stml</p>
Career and Technical Centers
<p>Florida also offers students 46 accredited career and technical centers throughout the state, which provide the education and certification necessary to work in a particular career or technical field. Programs are flexible for students and provide industry-specific education and training for a wide variety of occupations.</p> <p>Career and Technical Directors</p>
