

“THE WARRIOR WAY”

Our school promotes the Character Counts initiative of our school district: The mission statement reads: “The St. Johns County School District will inspire good character and a passion for lifelong learning in all students, creating educated and caring contributors to the world.” The school’s motto embodies the character education principles. Character traits are defined as the individual qualities or attributes that make up a person's overall character. These traits can be physical, emotional, mental, or moral. President Theodore Roosevelt once said, “To educate a person in mind and not in morals is to educate a menace to society.”
